

K & L Out-of-Pocket Limits Announcements

October 2016 Announcement

Out-of-Pocket Limits for Medigap Plans K & L for Calendar Year 2017

Summary:

The 2017 out-of-pocket (OOP) limits for Medigap plans K & L are \$5,120 and \$2,560, respectively. These increases in the limits are based on estimates of the United States Per Capita Costs (USPCC) of the Medicare program developed by the Centers for Medicare & Medicaid Services (CMS).

Calculation of the OOP Annual Limits:

The annual OOP limits are determined in accordance with section 1882(w)(2) of the Social Security Act. That provision prescribed an OOP limit for 2006 of \$4,000 for Plan K and \$2,000 for Plan L, and directed that these amounts increase each subsequent year by an appropriate inflation adjustment specified by the Secretary of the United States Department of Health & Human Services. For 2017 the calculation of the OOP limits is based on estimates of the United States Per Capita Costs (USPCC) of the Medicare program developed by CMS as published with the announcement of Calendar Year (CY) 2016 and CY 2017 Medicare Advantage (MA) payment rates.

The inflation adjustment for 2017 is calculated by applying the percentage increase from 2016 to 2017 of the current estimates of the USPCC for Medicare Part A and Part B, aged and disabled, to the 2016 OOP limits. An adjustment is made to account for corrections to prior years' estimates.
