Provider Types Affected

Medicare physicians, providers, suppliers, others who use the MLN Matters Articles and Related Change Request Information

Key Points

- Transmittals/Change requests (CRs) communicate new or changed policies and/or procedures that are being incorporated into a specific CMS program manual.
- MLN Matters articles are written about selected Transmittals/CRs to assist providers in understanding the transmittals.
- The Additional Information section of an article includes a variation of following statements which provide instruction on how a CR may be viewed:
 - For complete details (regarding this Change Request XXXX), please see the official instruction issued to your carrier/intermediary regarding this change.
 - That instruction may be viewed at http://www.cms.hhs.gov/Transmittals/01_Overview.asp on the CMS web site.
- Transmittals/CRs issued can be accessed at the above web site.
- Once there, the provider may select the desired year which redirects the provider to a search page for the transmittal.
- The Table of Contents can be sorted by clicking the mouse on any column heading. To reverse the order of the sort for that column, click the columns again.
- To view transmittals/CRs, Adobe Acrobat Reader is required, and can be downloaded at no cost at: [Adobe Reader - Download - http://www.adobe.com/products/acrobat/readstep2.html](http://www.adobe.com/products/acrobat/readstep2.html)
