

Background

The Centers for Medicare & Medicaid Services (CMS) is conducting a demonstration to study various care management models for high-cost beneficiaries in the traditional Medicare fee-for-service program. CMS will assess how well each of these programs is able to reduce Medicare costs while improving the quality of care and quality of life for beneficiaries.

(See downloads area below for more information: Federal Register Notice, General Information Fact Sheet.)

CMHCB Demonstration Agreement Award Announcement

CMS announced that six organizations are recommended for award of this demonstration on July 1, 2005. A PDF version of the CMS Press Release available here: (See downloads area below for more information: CMS Press Release.)
