MEDICARE CURRENT BENEFICIARY SURVEY  
 Ric PR - Round 17

RIC: PR  
 Page: 1  
 Version: 1

Variable Col Len Format Frequency ComQues# FacQues# Variable Type & Label

-----  
 This file provides the opportunity to quantify many of CMS's Strategic Plan objectives. Specifically, to involve the beneficiaries in defining their health care needs by aggregating and using data for continuous policy and process improvement, to assess outreach by the Medicare program and general knowledge of the Medicare program (services and health care choices) by the beneficiaries. There is one record for each sample person new to the MCBS interviewed between January and April of the following year.
