

# **FRAMEWORK FOR THE ANNUAL REPORT OF THE STATE CHILDREN'S HEALTH INSURANCE PLANS UNDER TITLE XXI OF THE SOCIAL SECURITY ACT**

## **Preamble**

Section 2108(a) of the Act provides that the State and Territories\* must assess the operation of the State child health plan in each Federal fiscal year, and report to the Secretary, by January 1 following the end of the Federal fiscal year, on the results of the assessment. In addition, this section of the Act provides that the State must assess the progress made in reducing the number of uncovered, low-income children. The State is out of compliance with SCHIP statute and regulations if the report is not submitted by January 1. The State is also out of compliance if any section of this report relevant to the State's program is incomplete.

To assist States in complying with the statute, the National Academy for State Health Policy (NASHP), with funding from the David and Lucile Packard Foundation, has coordinated an effort with States and CMS over the years to design and revise this Annual Report Template. Over time, the framework has been updated to reflect program maturation and corrected where difficulties with reporting have been identified.

The framework is designed to:

- A. Recognize the ***diversity*** of State approaches to SCHIP and allow States ***flexibility*** to highlight key accomplishments and progress of their SCHIP programs, **AND**
- B. Provide ***consistency*** across States in the structure, content, and format of the report, **AND**
- C. Build on data ***already collected*** by CMS quarterly enrollment and expenditure reports, **AND**
- D. Enhance ***accessibility*** of information to stakeholders on the achievements under Title XXI.

\* - When "State" is referenced throughout this template, "State" is defined as either a state or a territory.

## SECTION I: SNAPSHOT OF SCHIP PROGRAM AND CHANGES

To provide a summary at-a-glance of your SCHIP program characteristics, please provide the following information. You are encouraged to complete this table for the different SCHIP programs within your state, e.g., if you have two types of separate child health programs within your state with different eligibility rules. If you would like to make any comments on your responses, please explain in narrative below this table.

(A) Work related expenses. The standard deduction for work related expenses such as income tax payments, Social Security taxes, and transportation to and from work, is \$120 per each full-time or part-time employed member of the benefit group.

(B) Child care expenses. Disregard of child care expense is applied after all other income disregards.

(i) Child care expense may be deducted when:

(I) suitable care for a child included in the benefit group is not available from responsible persons living in the home or through other alternate sources; and

(II) the employed member whose income is considered must purchase care.

(ii) Child care expenses must be verified and the actual amount per month, as paid, up to a maximum of \$200 for a child under the age of two or \$175 for a child age two or older may be deducted. In considering the care expense, only actual work hours and travel time between work and the child care facility or child care home will be allowed.

OAC 317:35-10-26(d) for income disregards

(d) Income disregards. Income that is disregarded in determining eligibility includes:

(1) Food Stamp benefits;

(2) Any payment received under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970;

(3) Education Grants (including work study), scholarships, etc., that are contingent upon the student regularly attending school. The student's classification (graduate or undergraduate) is not a factor;

(4) Loans (regardless of use) if a bona fide debt or obligation to pay can be established. Criteria to establish a loan as bona fide includes an acknowledgement of obligation to repay or evidence that the loan was from an individual or financial institution in the loan business. If the loan was from a person(s) not in the loan business, the borrower's acknowledgement of obligation to repay (with or without interest) is required to indicate that the loan is bona fide. If the loan agreement is not written, OKDHS Form Adm-103, Loan Verification, should be completed by the borrower attesting that the loan is bona fide and signed by the lender verifying the date and amount of loan. When copies of written agreements or OKDHS Form Adm-103 are not available, detailed case documentation must include information that the loan is bona fide and how the debt amount and date of receipt was verified.

(5) Indian payments (including judgement funds or funds held in trust) which are distributed per capita by the Secretary of the Interior (BIA) or distributed by the tribe subject to approval by the Secretary of the Interior. Also, any interest or investment income accrued on such funds while held in trust or any purchases made with judgement funds, trust funds, interest or investment income accrued on such funds. Any income from mineral leases, from tribal business investments, etc., as long as the payments are paid per capita. For purposes of this paragraph, per capita is defined as each tribal member receiving an equal amount. However, any interest or income derived from the principal or produced by purchases made with the funds after distribution is considered as any other income.

(6) Special allowance for school expenses made available upon petition in writing from trust funds of the student;

(7) Benefits from State and Community Programs on Aging under Title III of the Older Americans Act of 1965 amended by PL 100-175 to become the Older Americans Act amendments of 1987;

(8) Unearned income received by a child, such as a needs based payment, cash assistance, compensation in lieu of wages, allowance, etc., from a program funded by the Job Training and Partnership Act (JTPA) including Job Corps income. Also, JTPA earned income received as wages, not to exceed six months in any calendar year;

(9) Payments for supportive services or reimbursement for out-of-pocket expenses made to individual volunteers serving as foster grandparents, senior health aids, or senior companions and

to persons serving in the Service Corps of Retired Executives (SCORE) and Active Corps of Executives (ACE);

(10) Payments to volunteers under the Domestic Volunteer Service Act of 1973 (VISTA), unless the gross amount of F+VISTA payments equals or exceeds the state or federal minimum wage, whichever is greater;

(11) The value of supplemental food assistance received under the Child Nutrition Act or the special food service program for children under the National School Lunch Act;

(12) Any portion of payments, made under the Alaska Native Claims Settlement Act to an Alaska Native, which are exempt from taxation under the Settlement Act;

(13) If an adult or child from the family group is living in the home and is receiving SSI, his/her individual income is considered by the Social Security Administration in determining eligibility for SSI. Therefore, that income cannot be considered as available to the benefit group;

(14) Experimental Housing Allowance Program (EHAP) payments made under Annual Contributions Contracts entered into prior to January 1, 1975, under Section 23 of the U.S. Housing Act of 1937, as amended;

(15) Earnings of a child who is a full-time student are disregarded;

(16) The first \$50 of the current monthly child support paid by an absent parent. Only one disregard is allowed regardless of the number of parents paying or amounts paid. An additional disregard is allowed if payments for previous months were paid when due but not received until the current month;

(17) Government rental or housing subsidies by governmental agencies, e.g. HUD (received in kind or in cash) for rent, mortgage payments or utilities;

(18) Reimbursement from an employer for out-of-pocket expenditures and allowances for travel or training to the extent the funds are used for expenses directly related to such travel or training, and uniform allowances if the uniform is uniquely identified with company name or logo;

(19) Low Income Home and Energy Assistance Program (LIHEAP) and Energy Crisis Assistance Program (ECAP) payments;

(20) Advance payments of Earned Income Tax Credit (EITC) or refunds of EITC as a result of filing a federal income tax return;

(21) Payments made from the Agent Orange Settlement Fund or any other fund established pursuant to the settlement in the In Te Agent Orange product liability litigation, M.D.L. No 381 (E.D.N.Y.);

(22) Payments made from the Radiation Exposure Compensation Trust Fund as compensation for injuries or deaths resulting from the exposure to radiation from nuclear testing and uranium mining;

- (23) Federal major disaster and emergency assistance provided under the Disaster Relief Act of 1974, and comparable disaster assistance provided by states, local governments and disaster assistance organizations;
- (24) Interests of individual Indians in trust or restricted lands;
- (25) Income up to \$2,000 per year received by individual Indians, which is derived from leases or other uses of individually-owned trust or restricted lands;
- (26) Any home produce from garden, livestock and poultry utilized by the recipient and his/her household for their consumption (as distinguished from such produce sold or exchanged);
- (27) Any payments made directly to a third party for the benefit of a member of the benefit group;
- (28) Financial aid provided to individuals by agencies or organizations which base their payment on financial need;

## **SECTION II: PROGRAM'S PERFORMANCE MEASUREMENT AND PROGRESS**

---

This section consists of three subsections that gather information on the core performance measures for the SCHIP program as well as your State's progress toward meeting its general program strategic objectives and performance goals. Section IIA captures data on the core performance measures to the extent data is available. Section IIB captures your enrollment progress as well as changes in the number and/or rate of uninsured children in your State. Section IIC captures progress towards meeting your State's general strategic objectives and performance goals.

### **SECTION IIA: REPORTING OF CORE PERFORMANCE MEASURES**

CMS is directed to examine national performance measures by the SCHIP Final Rules of January 11, 2001. To address this SCHIP directive, and to address the need for performance measurement in Medicaid, CMS, along with other Federal and State officials, developed a core set of performance measures for Medicaid and SCHIP. The group focused on well-established measures whose results could motivate agencies, providers, and health plans to improve the quality of care delivered to enrollees. After receiving comments from Medicaid and SCHIP officials on an initial list of 19 measures, the group recommended seven core measures, including four core child health measures:

- Well child visits in the first 15 months of life
- Well child visits in the 3rd, 4th, 5th, and 6th years of life
- Use of appropriate medications for children with asthma
- Children's access to primary care practitioners

These measures are based on specifications provided by the Health Plan Employer Data and Information Set (HEDIS®). HEDIS® provides a useful framework for defining and measuring performance. However, use of HEDIS® methodology is not required for reporting on your measures. The HEDIS® methodology can also be modified based on the availability of data in your State.

This section contains templates for reporting performance measurement data for each of the core child health measures. Please report performance measurement data for the three most recent years (to the extent that data are available). In the first and second column, data from the previous two years' annual reports (FFY 2005 and FFY 2006) will be populated with data from previously reported data in SARTS, enter data in these columns only if changes must be made. If you previously reported no data for either of those years, but you now have recent data available for them, please enter the data. In the third column, please report the most recent data available at the time you are submitting the current annual report (FFY 2007). Additional instructions for completing each row of the table are provided below.

#### **If Data Not Reported, Please Explain Why:**

If you cannot provide a specific measure, please check the box that applies to your State for each performance measure as follows:

Population not covered: Check this box if your program does not cover the population included in the measure.

Data not available: Check this box if data are not available for a particular measure in your State. Please provide an explanation of why the data are currently not available.

Small sample size: Check this box if the sample size (i.e., denominator) for a particular measure is less than 30. If the sample size is less than 30, your State is not required to report data on the measure. However, please indicate the exact sample size in the space provided.

Other: Please specify if there is another reason why your state cannot report the measure.

#### **Status of Data Reported:**

Please indicate the status of the data you are reporting, as follows:

Provisional: Check this box if you are reporting data for a measure, but the data are currently being modified, verified, or may change in any other way before you finalize them for FFY 2007.

Final: Check this box if the data you are reporting are considered final for FFY 2007.

Same data as reported in a previous year's annual report: Check this box if the data you are reporting are the same data that your State reported in another annual report. Indicate in which year's annual report you previously reported the data.

**Measurement Specification:**

For each performance measure, please indicate the measurement specification (i.e., were the measures calculated using the HEDIS® technical specifications, HEDIS®-like specifications, or some other source with measurement specifications unrelated to HEDIS®). If the measures were calculated using HEDIS® or HEDIS®-like specifications, please indicate which version was used (e.g., HEDIS® 2007). If using HEDIS®-like specifications, please explain how HEDIS® was modified.

**Data Source:**

For each performance measure, please indicate the source of data – administrative data (claims) (specify the kind of administrative data used), hybrid data (claims and medical records) (specify how the two were used to create the data source), survey data (specify the survey used), or other source (specify the other source). If another data source was used, please explain the source.

**Definition of Population included in the Measure:**

Please indicate the definition of the population included in the denominator for each measure (such as age, continuous enrollment, type of delivery system). Check one box to indicate whether the data are for the SCHIP population only, or include both SCHIP and Medicaid (Title XIX) children combined. Also provide a definition of the numerator (such as the number of visits required for inclusion).

**Note: You do not need to report data for all delivery system types. You may choose to report data for only the delivery system with the most enrollees in your program.**

**Year of Data:**

Please report the year of data for each performance measure. The year (or months) should correspond to the *period in which utilization took place*. Do *not* report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to utilization of services.

**Performance Measurement Data (HEDIS® or Other):**

In this section, please report the numerators, denominators, and rates for each measure (or component). The template provides two sections for entering the performance measurement data, depending on whether you are reporting using HEDIS® or HEDIS®-like methodology or a methodology other than HEDIS®. The form fields have been set up to facilitate entering numerators, denominators, and rates for each measure. If the form fields do not give you enough space to fully report on your measure, please use the “additional notes” section.

**Note: SARTS will calculate the rate if you enter the numerator and denominator. Otherwise, if you only have the rate, enter it in the rate box.**

If you typically calculate separate rates for each health plan, report the aggregate state-level rate for each measure (or component). The preferred method is to calculate a “weighted rate” by summing the numerators and denominators across plans, and then deriving a single state-level rate based on the ratio of the numerator to the denominator. Alternatively, if numerators and denominators are not available, you may calculate an “unweighted average” by taking the mean rate across health plans.

**Explanation of Progress:**

The intent of this section is to allow your State to highlight progress and describe any quality improvement activities that may have contributed to your progress. If improvement has not occurred over time, this section can be used to discuss potential reasons for why progress was not seen and to describe future quality improvement plans. In this section, your State is also asked to set annual performance objectives for FFY 2008, 2009, and 2010. Based on your recent performance on the measure (from FFY 2005 through 2007), use a combination of expert opinion and “best guesses” to set objectives for the next three years. Please explain your rationale for setting these objectives. For example, if your rate has been increasing by 3 or 4 percentage points per year, you might project future increases at a similar rate. On

the other hand, if your rate has been stable over time, you might set a target that projects a small increase over time. If the rate has been fluctuating over time, you might look more closely at the data to ensure that the fluctuations are not an artifact of the data or the methods used to construct a rate. You might set an initial target that is an average of the recent rates, with slight increases in subsequent years.

In future annual reports, you will be asked to comment on how your actual performance compares to the objective your State set for the year, as well as any quality improvement activities that have helped or could help your State meet future objectives.

**Other Comments on Measure:**

Please use this section to provide any other comments on the measure, such as data limitations or plans to report on a measure in the future.

**Explanation of Progress:**

**How did your performance in 2007 compare with the Annual Performance Objective documented in your 2006 Annual Report?** Goal revised as follows: Continue intervention activities with a decrease of 10% in the performance gap for children receiving 6 or mor Well-Child visits (using CY 2006 data). (Revision to goal necessary for this measure due to the number of visit categories of the measure.) GOAL MET

**Are there any quality improvement activities that contribute to your progress?** Yes - An initiative that was implemented during this review period is one in which we provide outreach to mothers of newborns. Through this initiative, we provide education to the mother on EPSDT visits, the importance of the post-partum exam and assist the mother in PCP selection if that has not already taken place. We assist in scheduling first appointment if needed. In addition, through our on-site provider reviews, education is provided on EPSDT exams. Extensive provider education has been completed on the revised peridocity schedule and the new forms. We have also developed provider profiles on EPSDT exams as described in later sections. In addition, we have worked with specfic providers with a large volume of children on the performance of EPSDT screenings.

**Annual Performance Objective for FFY 2008:** Continue intervention activities with a decrease of 10% in the performance gap for children receiving 6 or more Well-Child visits (using CY 2007 data)

**Annual Performance Objective for FFY 2009:** Continue intervention activities with a decrease of 10% in the performance gap for children receiving 6 or more Well-Child visits (using CY 2008 data)

**Annual Performance Objective for FFY 2010:** Continue intervention activities with a decrease of 10% in the performance gap for children receiving 6 or more Well-Child visits (using CY 2009 data)

**Explanation of Progress:**

**How did your performance in 2007 compare with the Annual Performance Objective documented in your 2006 Annual Report?** GOAL NOT MET. Revised Annual Performance Objective documented in 2006 Annual Report: Reduce the performance gap by 5% for the combined rate (using CY 2006 rates as the baseline).

**Are there any quality improvement activities that contribute to your progress?** We have initiated a disease mgmt program (effective 01/01/08) which we anticipate will lead to improvement. In addition, we have initiated the analysis of members with ER visits for the treatment of asthma to determine if appropriate medications have been prescribed with follow-up to providers as indicated. Our Pharmacy Department is working directly with University of Oklahoma College of Pharmacy on this initiative.

**Annual Performance Objective for FFY 2008:** Reduce the performance gap by 5% for the combined rate (using CY 2007 rates).

**Annual Performance Objective for FFY 2009:** Reduce the performance gap by 5% for the combined rate (using CY 2008 rates).

**Annual Performance Objective for FFY 2010:** Reduce the performance gap by 5% for the combined rate (using CY 2009 rates).

<p><b>Other Comments on Measure:</b> In CY 2004, OHCA initiated an intensive performance improvement initiative related to emergency room utilization. This initiative focuses on the member as well as the provider with extensive outreach to members identified with high utilization and to providers identified with high ER utilization among his/her assigned panel members. As part of this initiative, primary care services for non-emergent conditions, through the assigned provider are emphasized.</p>																																																								

## SECTION IIB: ENROLLMENT AND UNINSURED DATA

The information in the table below is the Unduplicated Number of Children Ever Enrolled in SCHIP in your State for the two most recent reporting periods. The enrollment numbers reported below should correspond to line 7 in your State's 4<sup>th</sup> quarter data report (submitted in October) in the SCHIP Statistical Enrollment Data System (SEDS). The percent change column reflects the percent change in enrollment over the two-year period. If the percent change exceeds 10 percent (increase or decrease), please explain in letter A below any factors that may account for these changes (such as decreases due to elimination of outreach or increases due to program expansions). This information will be filled in automatically by SARTS through a link to SEDS. Please wait until you have an enrollment number from SEDS before you complete this response.

Program	FFY 2006	FFY 2007	Percent change FFY 2006-2007
SCHIP Medicaid Expansion Program	116012	117084	0.92
Separate Child Health Program	0	0	

Please explain any factors that may account for enrollment increases or decreases exceeding 10 percent.

The table below shows trends in the three-year averages for the number and rate of uninsured children in your State based on the Current Population Survey (CPS), along with the percent change between 1996-1998 and 2004-2006. Significant changes are denoted with an asterisk (\*). If your state uses an alternate data source and/or methodology for measuring change in the number and/or rate of uninsured children, please explain in Question #3. SARTS will fill in this information automatically, but in the meantime, please refer to the CPS data attachment that was sent with the FFY 2007 Annual Report Template.

1996-1998 vs. 2004-2006				
----------------------------	--	--	--	--

Please explain any activities or factors that may account for increases or decreases in your number and/or rate of uninsured children.

Please note any comments here concerning CPS data limitations that may affect the reliability or precision of these estimates.

Please indicate by checking the box below whether your State has an alternate data source and/or methodology for measuring the change in the number and/or rate of uninsured children.

Yes (please report your data in the table below)

No (skip to Question #4)

Please report your alternate data in the table below. Data are required for two or more points in time to demonstrate change (or lack of change). Please be as specific and detailed as possible about the method used to measure progress toward covering the uninsured.

Data source(s)	
Reporting period (2 or more points in time)	
Methodology	
Population (Please include ages and income levels)	
Sample sizes	
Number and/or rate for two or more points in time	
Statistical significance of results	

Please explain why your State chose to adopt a different methodology to measure changes in the number and/or rate of uninsured children.

What is your State's assessment of the reliability of the estimate? What are the limitations of the data or estimation methodology? (Provide a numerical range or confidence intervals if available.)

What are the limitations of the data or estimation methodology?

How does your State use this alternate data source in SCHIP program planning?

How many children do you estimate have been enrolled in Medicaid as a result of SCHIP outreach activities and enrollment simplification? Describe the data source and method used to derive this information

## SECTION IIC: STATE STRATEGIC OBJECTIVES AND PERFORMANCE GOALS

This subsection gathers information on your State's general strategic objectives, performance goals, performance measures and progress towards meeting goals, as specified in your SCHIP State Plan. (If Section 9 of your SCHIP State Plan has changed, please indicate when it changed, and how the goals and objectives in Section 9 of your State Plan and the goals reported in this section of the annual report are different. Also, the state plan should be amended to reconcile these differences). The format of this section provides your State with an opportunity to track progress over time. This section contains templates for reporting performance measurement data for each of five categories of strategic objectives, related to:

- Reducing the number of uninsured children
- SCHIP enrollment
- Medicaid enrollment
- Increasing access to care
- Use of preventative care (immunizations, well child care)

Please report performance measurement data for the three most recent years for which data are available (to the extent that data are available). In the first two columns, report data from the previous two years' annual reports (FFY 2005 and FFY 2006) will be populated with data from previously reported data in SARTS, enter data in these columns only if changes must be made. If you previously reported no data for either of those years, but you now have recent data available for them, please enter the data. In the third column, please report the most recent data available at the time you are submitting the current annual report (FFY 2007).

Note that the term *performance measure* is used differently in Section IIA versus IIC. In Section IIA, the term refers to the four core child health measures. In this section, the term is used more broadly, to refer to any data your State provides as evidence towards a particular goal within a strategic objective. For the purpose of this section, "objectives" refer to the five broad categories listed above, while "goals" are State-specific, and should be listed in the appropriate subsections within the space provided for each objective.

**NOTES: Please do not reference attachments in this section. If details about a particular measure are located in an attachment, please summarize the relevant information from the attachment in the space provided for each measure.**

**In addition, please do not report the same data that were reported in Sections IIA or IIB. The intent of this section is to capture goals and measures that your State did not report elsewhere in Section II.**

Additional instructions for completing each row of the table are provided below.

### **Goal:**

For each objective, space has been provided to report up to three goals. Use this section to provide a brief description of each goal you are reporting within a given strategic objective. **All new goals should include a direction and a target. For clarification only, an example goal would be:** "Increase (direction) by 5 percent (target) the number of SCHIP beneficiaries who turned 13 years old during the measurement year who had a second dose of MMR, three hepatitis B vaccinations and one varicella vaccination by their 13<sup>th</sup> birthday."

### **Type of Goal:**

For each goal you are reporting within a given strategic objective, please indicate the type of goal, as follows:

New/revised: Check this box if you have revised or added a goal. Please explain how and why the goal was revised.

Continuing: Check this box if the goal you are reporting is the same one you have reported in previous annual reports.

Discontinued: Check this box if you have met your goal and/or are discontinuing a goal. Please explain why the goal was discontinued.

### **Status of Data Reported:**

Please indicate the status of the data you are reporting for each goal, as follows:

Provisional: Check this box if you are reporting performance measure data for a goal, but the data are currently being modified, verified, or may change in any other way before you finalize them for FFY 2007.

Final: Check this box if the data you are reporting are considered final for FFY 2007.

Same data as reported in a previous year's annual report: Check this box if the data you are reporting are the same data that your State reported for the goal in another annual report. Indicate in which year's annual report you previously reported the data.

### **Measurement Specification:**

This section is included for only two of the objectives— objectives related to increasing access to care, and objectives related to use of preventative care—because these are the two objectives for which States may report using the HEDIS® measurement specification. In this section, for each goal, please indicate the measurement specification used to calculate your performance measure data (i.e., were the measures calculated using the HEDIS® specifications, HEDIS®-like specifications, or some other method unrelated to HEDIS®). If the measures were calculated using HEDIS® or HEDIS®-like specifications, please indicate which version was used (e.g., HEDIS® 2007). If using HEDIS®-like specifications, please explain how HEDIS® was modified.

### **Data Source:**

For each performance measure, please indicate the source of data. The categories provided in this section vary by objective. For the objectives related to reducing the number of uninsured children and SCHIP or Medicaid enrollment, please indicate whether you have used eligibility/enrollment data, survey data (specify the survey used), or other source (specify the other source). For the objectives related to access to care and use of preventative care, please indicate whether you used administrative data (claims) (specify the kind of administrative data used), hybrid data (claims and medical records) (specify how the two were used to create the data source), survey data (specify the survey used), or other source (specify the other source). In all cases, if another data source was used, please explain the source.

### **Definition of Population Included in Measure:**

Please indicate the definition of the population included in the denominator for each measure (such as age, continuous enrollment, type of delivery system). Also provide a definition of the numerator (such as the number of visits required for inclusion, e.g., one or more visits in the past year).

For measures related to increasing access to care and use of preventative care, please also check one box to indicate whether the data are for the SCHIP population only, or include both SCHIP and Medicaid (Title XIX) children combined.

### **Year of Data:**

Please report the year of data for each performance measure. The year (or months) should correspond to the *period in which enrollment or utilization took place*. Do *not* report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to enrollment or utilization of services.

**Performance Measurement Data:**

Describe what is being measured: Please provide a brief explanation of the information you intend to capture through the performance measure.

Numerator, Denominator, and Rate: Please report the numerators, denominators, and rates for each measure (or component). For the objectives related to increasing access to care and use of preventative care, the template provides two sections for entering the performance measurement data, depending on whether you are reporting using HEDIS® or HEDIS®-like methodology or a methodology other than HEDIS®. The form fields have been set up to facilitate entering numerators, denominators, and rates for each measure. If the form fields do not give you enough space to fully report on your measure, please use the “additional notes” section.

If you typically calculate separate rates for each health plan, report the aggregate state-level rate for each measure (or component). The preferred method is to calculate a “weighted rate” by summing the numerators and denominators across plans, and then deriving a single state-level rate based on the ratio of the numerator to the denominator. Alternatively, if numerators and denominators are not available, you may calculate an “unweighted average” by taking the mean rate across health plans.

**Explanation of Progress:**

The intent of this section is to allow your State to highlight progress and describe any quality improvement activities that may have contributed to your progress. If improvement has not occurred over time, this section can be used to discuss potential reasons for why progress was not seen and to describe future quality improvement plans. In this section, your State is also asked to set annual performance objectives for FFY 2008, 2009, and 2010. Based on your recent performance on the measure (from FFY 2005 through 2007), use a combination of expert opinion and “best guesses” to set objectives for the next three years. Please explain your rationale for setting these objectives. For example, if your rate has been increasing by 3 or 4 percentage points per year, you might project future increases at a similar rate. On the other hand, if your rate has been stable over time, you might set a target that projects a small increase over time. If the rate has been fluctuating over time, you might look more closely at the data to ensure that the fluctuations are not an artifact of the data or the methods used to construct a rate. You might set an initial target that is an average of the recent rates, with slight increases in subsequent years. In future annual reports, you will be asked to comment on how your actual performance compares to the objective your State set for the year, as well as any quality improvement activities that have helped or could help your State meet future objectives.

**Other Comments on Measure:**

Please use this section to provide any other comments on the measure, such as data limitations or plans to report on a measure in the future.

1. What other strategies does your State use to measure and report on access to, quality, or outcomes of care received by your SCHIP population? What have you found?

Dental Exams: Using HEDIS criteria for the "Annual Dental Exam" measure, OHCA has a final combined rate of 56.3% for calendar year 2006. This was a slight decrease from the previous year (not statistically significant). The combined rates from the previous years were as follows:

CY 2005=56.5%; CY 2004=53.6%; CY 2003=51.2%

Consumer satisfaction surveys:

The OHCA contracts with an external quality improvement organization to conduct consumer satisfaction surveys. The CAHPS and ECHO surveys and methodology are used and alternated each year by adult and child. In SFY 2007, our contracted QIO changed and the current contractor, sub-contracted with a NCQA-certified vendor to conduct the consumer satisfaction surveys. In SFY 2007, the Adult ECHO and the Child CAHPS surveys were conducted.

FINAL report on the Child CAHPS survey results is pending from the contractor.

Prenatal Care:

A majority of SoonerCare members are babies and children, and we want them to be healthy from the start. That is why one of this year's studies centered on prenatal health care. A number of services are available to SoonerCare members: prenatal exams, vitamins, ultrasounds, pregnancy-related education, and so forth, which can contribute to healthier babies. Some pregnant members establish their SoonerCare eligibility shortly before they give birth, so the OHCA does not have records of their prenatal care. The goal of this study was to increase our understanding of the health care services being used by expectant mothers and how these services related to birth outcomes.

We adapted nationally recognized measures of mothers' deliveries and babies' births and analyzed claims data from SFY 2006. The results showed that the average length of stay for the 29,654 babies discharged from hospitals or birthing centers was 3.4 days, which was comparable to the national Medicaid mean of 3.3 days. About 92 percent of the babies were well newborns—that is, healthy babies with a hospital stay under five days. The rest were complex newborns, which included babies with hospital stays beyond five days and babies who died. The well newborns had an average stay of two days, which was comparable to the national mean, and the complex newborns had an average stay of almost 19 days, which was higher than the national mean of 15 days. About 75 percent of the mothers were between 20 and 34 years old; about 82 percent had at least one ultrasound. About 32 percent of the mothers had cesarean deliveries, who on average stayed in the hospital for 3.2 days; the national Medicaid mean hospital stay for those with cesarean deliveries was 3.7 days.

2. What strategies does your SCHIP program have for future measurement and reporting on access to, quality, or outcomes of care received by your SCHIP population? When will data be available?

All of the projects described in this report will continue on an ongoing basis with changes to the quality improvement activities made as indicated based on the completion of periodic evaluations.

In addition the OHCA recently increased its focus of provider profiles that it generates to include preventive services such as EPSDT exams. These profiles provide peer-to-peer comparisons for communication with providers, provider outreach and intervention activities. These profiles were finalized

during this review period with the first mailing distributed to providers for the review period of CY 2006. The OHCA staff submitted 670 profiles to PCPs with an additional 64 letters distributed to PCPs who had insufficient data to profile. Each profile included a letter that described the profiling project and provided EPSDT-related education. The "insufficient data" letters did not include a profile but described the profiling project and provided EPSDT-related education.

During this review period, the OHCA completed prescriber profile reports, which assist us in the identification of potential issues with prescribing practices that may impact this population. These profiles created a peer-to-peer comparison that is used for communication with providers; intervention strategies include "pharmacy detailing" by licensed pharmacists. Additional prescriber profiles are in the final stages of completion; these profiles will analyze specific disease conditions and medications. It is anticipated that the initial set of profiles will be completed during SFY 2008.

3. Have you conducted any focused quality studies on your SCHIP population, e.g., adolescents, attention deficit disorder, substance abuse, special health care needs or other emerging health care needs? What have you found?

All of our focused studies for children include the SCHIP population and are reported with HEDIS measures and as described in items 1 and 2.

4. Please attach any additional studies, analyses or other documents addressing outreach, enrollment, access, quality, utilization, costs, satisfaction, or other aspects of your SCHIP program's performance. Please list attachments here and summarize findings or list main findings.

### SECTION III: ASSESSMENT OF STATE PLAN AND PROGRAM OPERATION

---

Please reference and summarize attachments that are relevant to specific questions

#### OUTREACH

How have you redirected/changed your outreach strategies during the reporting period? [7500]

No Change

What methods have you found most effective in reaching low-income, uninsured children (e.g., T.V., school outreach, word-of-mouth)? How have you measured effectiveness? **Would you consider this a best practice?** [7500]

NA

Is your state targeting outreach to specific populations (e.g., minorities, immigrants, and children living in rural areas)? Have these efforts been successful, and how have you measured effectiveness? [7500]

Spanish Speaking, Vietnamese and Native Americans populations are targeted for outreach efforts; however we have not measured effectiveness.

What percentage of children below 200 percent of the Federal poverty level (FPL) who are eligible for Medicaid or SCHIP have been enrolled in those programs? (Identify the data source used). [7500]

We had 486047 children under 200% who were enrolled in Medicaid and SCHIP.

#### SUBSTITUTION OF COVERAGE (CROWD-OUT)

**States with a separate child health program up to and including 200% of FPL must complete question 1.**

Is your state's eligibility level up to and including 200 percent of the FPL?

- Yes
- No
- N/A

If yes, if you have substitution prevention policies in place, please identify those strategies. [7500]

**States with a separate child health program above 200 through 250% of FPL must complete question 2. All other states with trigger mechanisms should also answer this question.**

Is your state's eligibility level above 200 and up to and including 250 percent of the FPL?

- Yes
- No
- N/A

If yes, please identify the trigger mechanisms or point at which your substitution prevention policy is instituted. [7500]

**States with separate child health programs over 250% of FPL must complete question 3. All other states with substitution prevention provisions should also answer this question.**

Does your state cover children above 250 percent of the FPL or does it employ substitution prevention provisions?

- Yes  
 No  
 N/A

If yes, identify your substitution prevention provisions (waiting periods, etc.). **[7500]**

**All States must complete the following 3 questions**

Describe how substitution of coverage is monitored and measured and how the State evaluates the effectiveness of its policies. **[7500]**

We define crowd out as the number of SCHIP enrollees who voluntarily dropped private employer/individual insurance prior to enrolling in SCHIP out of (divided by) the total number of SCHIP enrollees. We had surveyed SCHIP enrollees in the past to monitor and measure whether we had crowd-out. We did not administer a survey in FFY 2007.

At the time of application, what percent of applicants are found to have insurance? **[7500]**

In FFY 2007 9.7% of the applicants had insurance at the time of application.

Describe the incidence of substitution. What percent of applicants drop group health plan coverage to enroll in SCHIP? **[7500]**

NA

**COORDINATION BETWEEN SCHIP AND MEDICAID**

*(This subsection should be completed by States with a Separate Child Health Program)*

Do you have the same redetermination procedures to renew eligibility for Medicaid and SCHIP (e.g., the same verification and interview requirements)? Please explain. **[7500]**

Please explain the process that occurs when a child's eligibility status changes from Medicaid to SCHIP and from SCHIP to Medicaid. Have you identified any challenges? If so, please explain. **[7500]**

Are the same delivery systems (including provider networks) used in Medicaid and SCHIP? Please explain. **[7500]**

For states that do not use a joint application, please describe the screen and enroll process. **[7500]**.

**ELIGIBILITY REDETERMINATION AND RETENTION**

What measures does your State employ to retain eligible children in SCHIP? Please check all that apply and provide descriptions as requested.

Conducts follow-up with clients through caseworkers/outreach workers

Sends renewal reminder notices to all families

How many notices are sent to the family prior to disenrolling the child from the program?  
**[500]**

At what intervals are reminder notices sent to families (e.g., how many weeks before the end of the current eligibility period is a follow-up letter sent if the renewal has not been received by the State?) **[500]**

Sends targeted mailings to selected populations

Please specify population(s) (e.g., lower income eligibility groups) **[500]**

Holds information campaigns

Provides a simplified reenrollment process,

*Please describe efforts (e.g., reducing the length of the application, creating combined Medicaid/SCHIP application) **[500]***

Conducts surveys or focus groups with disenrollees to learn more about reasons for disenrollment  
*please describe: **[500]***

Other, *please explain: **[500]***

Which of the above strategies appear to be the most effective? Have you evaluated the effectiveness of any strategies? If so, please describe the evaluation, including data sources and methodology.  
**[7500]**

NA

What percentage of children in the program are retained in the program at redetermination? What percentage of children in the program are disenrolled at redetermination? **[500]**

Does your State generate monthly reports or conduct assessments that track the outcomes of individuals who disenroll, or do not reenroll, in SCHIP (e.g., how many obtain other public or private coverage, how many remain uninsured, how many age-out, how many move to a new geographic area)

- Yes  
 No  
 N/A

When was the monthly report or assessment last conducted? **[7500]**

If you responded yes to the question above, please provide a summary of the most recent findings (in the table below) from these reports and/or assessments. **[7500]**.

**Findings from Report/Assessment on Individuals Who Disenroll, or Do Not Reenroll in SCHIP**

Total Number of Dis-enrollees	Obtain other public or private coverage		Remain uninsured		Age-out		Move to new geographic area		Other	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent

Please describe the data source (e.g., telephone or mail survey, focus groups) used to derive this information. Include the time period reflected in the data (e.g., calendar year, fiscal year, one month, etc.) **[7500]**.

**COST SHARING**

Has your State undertaken any assessment of the effects of premiums/enrollment fees on participation in SCHIP? If so, what have you found? **[7500]**

Has your State undertaken any assessment of the effects of cost sharing on utilization of health services in SCHIP? If so, what have you found? **[7500]**

If your state has increased or decreased cost sharing in the past federal fiscal year, has the state undertaken any assessment of the impact of these changes on application, enrollment, disenrollment, and utilization of health services in SCHIP. If so, what have you found? **[7500]**

**EMPLOYER SPONSORED INSURANCE PROGRAM (INCLUDING PREMIUM ASSISTANCE PROGRAM(S)) UNDER THE SCHIP STATE PLAN OR A SECTION 1115 TITLE XXI DEMONSTRATION**

Does your State offer an employer sponsored insurance program (including a premium assistance program) for children and/or adults using Title XXI funds?

- Yes, please answer questions below.
- No, skip to Program Integrity subsection.

**Children**

- Yes, Check all that apply and complete each question for each authority.
- Family Coverage Waiver under the State Plan

- SCHIP Section 1115 Demonstration
- Medicaid Section 1115 Demonstration
- Health Insurance Flexibility & Accountability Demonstration

**Adults**

- Yes, Check all that apply and complete each question for each authority.
- Family Coverage Waiver under the State Plan
- SCHIP Section 1115 Demonstration
- Health Insurance Flexibility & Accountability Demonstration
- Premium Assistance under the Medicaid State Plan (Section 1906 HIPP)

Please indicate which adults your State covers with premium assistance. (Check all that apply.)

- Parents and Caretaker Relatives
- Childless Adults
- Pregnant Women

Briefly describe how your program operates (e.g., is your program an employer sponsored insurance program or a premium assistance program, how do you coordinate assistance between the state and/or employer, etc.) **[7500]**

What benefit package does the ESI program use? **[7500]**

Are there any minimum coverage requirements for the benefit package? **[7500]**

Does the program provide wrap-around coverage for benefits or cost sharing? **[7500]**

Are there any limits on cost sharing for children in your ESI program? Are there any limits on cost sharing for adults in your ESI program? **[7500]**

8. Identify the total number of children and adults enrolled in the ESI program for whom Title XXI funds are used during the reporting period (provide the number of adults enrolled in this program even if they were covered incidentally, i.e., not explicitly covered through a demonstration).

- \_\_\_\_\_ Number of childless adults ever-enrolled during the reporting period
- \_\_\_\_\_ Number of adults ever-enrolled during the reporting period
- \_\_\_\_\_ Number of children ever-enrolled during the reporting period

9. Identify the estimated amount of substitution, if any, that occurred or was prevented as a result of your employer sponsored insurance program (including premium assistance program). Discuss how was this measured? **[7500]**

10. During the reporting period, what has been the greatest challenge your ESI program has experienced? **[7500]**

11. During the reporting period, what accomplishments have been achieved in your ESI program? **[7500]**

12. What changes have you made or are planning to make in your ESI program during the next fiscal year? Please comment on why the changes are planned. **[7500]**

13. What do you estimate is the impact of your ESI program (including premium assistance) on enrollment and retention of children? How was this measured? **[7500]**

14. Identify the total state expenditures for providing coverage under your ESI program during the reporting period. **(For states offering premium assistance under a family coverage waiver or for states offering employer sponsored insurance or premium assistance under a demonstration.)** **[7500]**

15. Provide the average amount each entity pays towards coverage of the beneficiary under your ESI program:

State: \_\_\_\_\_

Employer: \_\_\_\_\_

Employee: \_\_\_\_\_

16. If you offer a premium assistance program, what, if any, is the minimum employer contribution? **[500]**

17. Do you have a cost effectiveness test that you apply in determining whether an applicant can receive coverage (e.g., the state's share of a premium assistance payment must be less than or equal to the cost of covering the applicant under SCHIP or Medicaid)? **[7500]**

18. Is there a required period of uninsurance before enrolling in your program? If yes, what is the period of uninsurance? **[500]**

19. Do you have a waiting list for your program? Can you cap enrollment for your program? **[500]**

**PROGRAM INTEGRITY (COMPLETE ONLY WITH REGARD TO SEPARATE SCHIP PROGRAMS  
(I.E. THOSE THAT ARE NOT MEDICAID EXPANSIONS))**

Does your state have a written plan that has safeguards and establishes methods and procedures for:

- (1) prevention
- (2) investigation
- (3) referral of cases of fraud and abuse?

Please explain: **[7500]**

For the reporting period, please indicate the number of cases investigated, and cases referred, regarding fraud and abuse in the following areas:

Provider Credentialing

\_\_\_\_\_ Number of cases investigated  
\_\_\_\_\_ Number of cases referred to appropriate law enforcement officials

Provider Billing

\_\_\_\_\_ Number of cases investigated  
\_\_\_\_\_ Number of cases referred to appropriate law enforcement officials

Beneficiary Eligibility

\_\_\_\_\_ Number of cases investigated  
\_\_\_\_\_ Number of cases referred to appropriate law enforcement officials

Are these cases for:

SCHIP

Medicaid and SCHIP Combined

3. Does your state rely on contractors to perform the above functions?

Yes, please answer question below.

No

4. If your state relies on contractors to perform the above functions, how does your state provide oversight of those contractors? Please explain : **[7500]**

Enter any Narrative text below. **[7500]**

## SECTION IV: PROGRAM FINANCING FOR STATE PLAN

1. Please complete the following table to provide budget information. Describe in narrative any details of your planned use of funds below, including the assumptions on which this budget was based (per member/per month rate, estimated enrollment and source of non-Federal funds). (Note: This reporting period = Federal Fiscal Year 2007. If you have a combination program you need only submit one budget; programs do not need to be reported separately.)

2. What were the sources of non-Federal funding used for State match during the reporting period?

- State appropriations
- County/local funds
- Employer contributions
- Foundation grants
- Private donations
- Tobacco settlement
- Other (specify) **[500]**

3. Did you experience a short fall in SCHIP funds this year? If so, what is your analysis for why there were not enough Federal SCHIP funds for your program? **[1500]**

4. In the table below, enter 1) number of eligibles used to determine per member per month costs for the current year and estimates for the next two years; and, 2) per member per month cost rounded to a whole number. If you have SCHIP enrollees in a fee for service program, per member per month cost will be the average cost per month to provide services to these enrollees.

## SECTION V: 1115 DEMONSTRATION WAIVERS (FINANCED BY SCHIP)

Please reference and summarize attachments that are relevant to specific questions.

If you do not have a Demonstration Waiver financed with SCHIP funds skip to Section VI. If you do, please complete the following table showing whom you provide coverage to.

SCHIP Non-HIFA Demonstration Eligibility					HIFA Waiver Demonstration Eligibility					
* Upper % of FPL are defined as Up to and Including

2. Identify the total number of children and adults ever enrolled (an unduplicated enrollment count) in your SCHIP demonstration during the reporting period.

- \_\_\_\_\_ Number of **children** ever enrolled during the reporting period in the demonstration
- \_\_\_\_\_ Number of **parents** ever enrolled during the reporting period in the demonstration
- \_\_\_\_\_ Number of **pregnant women** ever enrolled during the reporting period in the demonstration
- \_\_\_\_\_ Number of **childless adults** ever enrolled during the reporting period in the demonstration

What have you found about the impact of covering adults on enrollment, retention, and access to care of children? You are required to evaluate the effectiveness of your demonstration project, so report here on any progress made in this evaluation, specifically as it relates to enrollment, retention, and access to care for children. [1000]

Please provide budget information in the following table for the years in which the demonstration is approved. *Note: This reporting period (Federal Fiscal Year 2007 starts 10/1/06 and ends 9/30/07).*
