

PQRI 2008 Registry Pilot Testing Participants

The Medicare Physician Fee Schedule 2008 Final Rule, which was published November 2007, announced that CMS would test the submission of Physician Quality Reporting Initiative (PQRI) measurement data through registries. In 2008, CMS will pilot test two options that registries can use to submit PQRI data on behalf of providers who authorize release of their quality data.

CMS is pleased to announce that the following registries have been selected to participate in the pilot testing:

1. The Society of Thoracic Surgeons
2. Cedaron
3. University of Wisconsin Medical Foundation
4. ICLOPS
5. The National Cardiovascular Data Registry
6. Cielo MedSolutions
7. American Osteopathic Association
8. Rush Health Associates
9. Wellcentive
10. Wisconsin Collaborative for Healthcare Quality
11. General Electric
12. Phytel
