TDAPA Application Requirements

Applications for the TDAPA under the ESRD PPS must be submitted through the new electronic application intake system, Medicare Electronic Application Request Information System™ (MEARIS™). Please submit your application package through the appropriate module.

End-Stage Renal Disease (ESRD) Prospective Payment System (PPS) Transitional Drug Add-on Payment Adjustment (TDAPA) Application

** Go to https://mearis.cms.gov to register/log in, and submit your application.**

REQUIRED INFORMATION: The following information is required in every application for TDAPA. An application that does not include all information will be considered incomplete and will not be acted upon. For timely review by CMS, please provide the following:

- Primary and secondary applicant contact information
- Manufacturer information
- HCPCS Level II application details
- Renal dialysis drug or biological product details
- Commercial availability details

Please refer to the following resources in MEARIS™ for support:

Guidance regarding the application submission process can be found in the "Resources" section at:
https://mearis.cms.gov/public/resources

Technical support is available under "Useful Links" on MEARIS™ at:
https://mearis.cms.gov/secure/applications

Submit application related questions to CMS using the form available under "Contact" at:
https://mearis.cms.gov/public/resources?app=TDAPA

Questions pertaining to the TDAPA application process may be sent via e-mail to:
ESRDApplications@cms.hhs.gov.

General questions pertaining to the ESRD PPS may be sent via e-mail to: ESRDPAYMENT@cms.hhs.gov.
