Subject: CMS Web Site

The Centers for Medicare & Medicaid Services (CMS) is beginning the full deployment of its recently developed CMS web site. Information on the hcfa.gov site will be migrated to the new CMS web site. While the presentation of information must comply with an agency specified format, we invite you to view our Medicare Health Plans page and provide us your comments and suggestions. This is a work in progress and some Medicare Health Plan information has not yet been migrated to the new format. The migration will take place over the next 3 to 6 months.

Please forward your suggestions/comments by June 14th to:
