Who is eligible	<p>To qualify, Medicare you must simply meet these criteria:</p> <ul style="list-style-type: none"> - You must be enrolled in a discount card plan that participates in the special Merck program. <i>See discount card programs above.</i> - You must be eligible for and receive the \$600 credit under the Medicare discount card program. - You must have spent the \$600 credit. This credit can be used for any eligible drugs, not just medicines from Merck. - If you are enrolled in a participating Medicare health plan, you must also have exhausted any coverage provided under that plan.
How to enroll	<p>You do not have to apply for the special program from Merck. Participating discount card programs will automatically enroll you in the program and maintain records of your spending on medicines that you purchase with the card.</p>
How does it work	<p>Once the \$600 credit is spent, Merck will provide the medicine to you free of charge. You will however, be responsible for any pharmacy fees, such as a dispensing fee, as negotiated by your card sponsor. Participating discount card sponsors will be responsible for administering the Merck program.</p>
