

## A Message from 90 National Non-Profit Organizations

**The 90 national members of the Access to Benefits Coalition are working nationwide to educate and enroll lower-income Medicare beneficiaries in the best combination of public and private prescription savings programs. We urge every low-income beneficiary who is eligible for a Medicare drug discount card with the \$600 annual credit to take advantage of these savings now. We also recommend that you go to [www.accesstobenefits.org](http://www.accesstobenefits.org) to learn if you or someone you know is eligible for additional savings programs.**
