

2003 ICD-10-PCS Codes and Descriptions – Text files

The ICD-10-PCS descriptions are in 3 zipped text files

Medical and Surgical procedures	Record count: 192,734
Ancillary procedures, except Radiation Oncology	Record count: 32,800
Radiation Oncology procedures (extended)	Record count: 309,156

The following is the record layout for the ICD-10-PCS code description files:

Field	Type	Record Position	Length
7-character code	Alphanumeric	1	7
Separator	Blank	8	1
Description	Character	9	Variable

The first character of the code identifies the section; the codes in each section are in the order in which they appear in the Tabular Listings.
