Section 1. General Description and Purpose of the State Child Health Plans
(Section 2101)

The state will use funds provided under Title XXI primarily for (Check appropriate box):

- 1.1. Obtaining coverage that meets the requirements for a State Child Health Insurance Plan (Section 2103); **OR**
- 1.2. Providing expanded benefits under the State's Medicaid Plan (Title XIX) through an 1115 demonstration waiver; **OR**
- 1.3. A combination of both of the above.

Missouri is expanding Medicaid under a Section 1115 waiver originally submitted August 26, 1997. Title XXI moneys will be used to fund the Medicaid expansion in conjunction with this waiver.

Missouri proposes that all uninsured children with net family income up to 200 percent of the federal poverty level (300 percent gross income) be covered under a Medicaid expansion. The Medicaid expansion will occur under a Title XIX 1115 waiver. Children will include individuals age birth through age 18. No new eligible will be excluded because of pre-existing illness or condition.

Children eligible for Title XXI will receive the Medicaid package of essential medically necessary health services. Non-emergent medical transportation is the only service that will not be covered under the 1115 waiver. This benefit is so unheard of in any health insurance plan that its inclusion would serve as a significant incentive for the dropping of private coverage. Prescription drugs will be subject to the national drug rebate program requirements. Fee-for-service will be utilized in regions where MC+ is not yet available. When MC+ begins in these areas, Title XXI eligibles will be enrolled in managed care.

--	--	--	--	--

Section 2. General Background and Description of State Approach to Child Health Coverage (Section 2102(a)(1)-(3)) and (Section 2105(c)(7)(A)-(B))

- 2.1. Describe the extent to which, and manner in which, children in the state including targeted low-income children and other classes of children, by income level and other relevant factors, such as race and ethnicity and geographic location, currently have creditable health coverage (as defined in section 2110(c)(2)). To the extent feasible, make a distinction between creditable coverage under public health insurance programs and public-private partnerships (See Section 10 for annual report requirements).

Response: Please refer to Attachments 1, 2, and 3. Information regarding age, income, coverage by other health insurance, race, and location is currently available from Missouri's Application For Benefits. Information regarding age, income, coverage by other health insurance, race, and location will be required from Title XXI applicants. The state will require that any participant cooperates fully with the state and federal government in establishing eligibility and in providing any verification necessary as requested by the state in the initial application process or at any subsequent time. Title XXI recipients will have a distinct ME code for tracking purposes.

- 2.2. Describe the current state efforts to provide or obtain creditable health coverage for uncovered children by addressing: (Section 2102(a)(2))

- 2.2.1. The steps the state is currently taking to identify and enroll all uncovered children who are eligible to participate in public health insurance programs (i.e. Medicaid and state-only child health insurance):

Response: Please refer to Attachment 4. Outreach and eligibility determination occur throughout Missouri with state offices in every county. Free materials are available and used by other entities assisting in outreach, such as other state agencies with whom DSS has interagency agreements, social welfare organizations, schools, and health care providers through outstationed eligibility workers. The Department of Social Services has interagency agreements with the Department of Health to develop a Well Child Outreach Project, a Lead Poisoning Outreach Program, and to conduct outreach activities to identify possible Medicaid eligibles and refer them to the Division of Family Services for eligibility determination. There is no state-only child health insurance program in Missouri.

- 2.2.2. The steps the state is currently taking to identify and enroll all uncovered children who are eligible to participate in health insurance programs that involve a public-private partnership:

--	--	--	--	--

Response: The state cooperates fully with the privately funded Caring Foundation for Children in making referrals and receiving referrals so that there is coordination with Medicaid and maximum outreach for both programs.

2.3. Describe how the new State Title XXI program(s) is (are) designed to be coordinated with such efforts to increase the number of children with creditable health coverage so that only eligible targeted low-income children are covered: (Section 2102(a)(3))

Response: Outreach and eligibility determination activities occur throughout Missouri with state offices in every county. We propose using brochures and informational flyers to educate families about the health coverage available through Medicaid including that funded by Title XXI. We will stress that:

- ◆ Children do not have to be on welfare (cash assistance) to be Medicaid eligible;
- ◆ Children may receive Medicaid benefits even if both parents live in the home; and
- ◆ One or both parents can work full-time and the children may still be Medicaid eligible.

Information about Medicaid and the Title XXI expansion will be shared with families through the press, public speaking opportunities of executive agency staff, public service announcements, and state approved health plan and provider education.

We will involve the MC+ Consumer Advisory Committee, the Division of Family Services income maintenance staff, the Department of Health, school districts, and other appropriate agencies or groups in the design and implementation of the brochures, flyers, and other education material. We will continue to identify barriers to Medicaid enrollment by receiving information about those barriers from schools, hospitals, and local health departments through our regularly scheduled interagency meetings, provider association contacts, the MC+ Consumer Advisory Committee and Medical Advisory Committee Subcommittees.

We will have a simplified mail-in application process for the expansion populations. This should overcome the burden of applying in person at a Division of Family Services office.

Missouri will continue to outstation eligibility workers at hospitals and federally qualified health centers. The state will explore the effectiveness of expanding the sites for enrolling children in a wider variety of community

--	--	--	--	--

settings with the MC+ Consumer Advisory Committee, advocates for children, and health care providers.

We will also be cooperating with the Missouri Hospital Association in their efforts to develop an effective outreach program for not only this program, but for Medicaid children in general. Please refer to Attachment 5. We will also partner with local community groups and agencies which want to sponsor local outreach initiatives.

Income will be determined by looking at the total gross income available to the children for whom the application is being made. The current assistance group definitions used by Missouri for Medicaid budgeting will be followed. A standard income disregard equal to 100 percent of the federal poverty level will be made from the gross income figure. The net income figure will be compared to 200 percent of the federal poverty level to determine if the child(ren) is (are) eligible. To be eligible this net figure must not exceed 200 percent of the federal poverty level for children.

It is important to be concerned that this program does not "crowd out" private insurance options. The following measures will help address this issue:

- ◆ There will be a six month look back period for health insurance when determining eligibility. Children of parent who dropped available private health insurance coverage within the last six months will have a six month waiting period for Medicaid coverage.
- ◆ Uninsured is defined as an individual who has not had employer-subsidized health care insurance coverage for six months period to application for payment of health care. Exceptions to this limitation in cases where prior coverage ended due to reasons unrelated to the availability of government financed health insurance shall include, but not be limited to:
 - Loss of employment due to factors other than voluntary termination;
 - Change to a new employer that does not provide an option for dependent coverage; or
 - Expiration of COBRA coverage period.
- ◆ Non-emergent transportation will not be covered. This benefit is so unheard of in any health insurance plan that its inclusion would serve as a significant incentive for the dropping of private coverage.

◆ Crowd out will be evaluated yearly to determine if additional protections are warranted. If crowd out does become a problem the state will develop additional anti-crowd out measures as warranted by the scope and nature of the problem. Additional options may include:

- Adding an insurance availability test to preclude participation;
- Lengthening the **look** back period;
- Implementing cost sharing provisions;
- Moving to once yearly open enrollment periods for children with family income over 200 percent of gross federal poverty level; and
- Other measures designed to efficiently deal with what the research finds.

--	--	--	--

Section 3. General Contents of the State Child Health Plan (Section 2102(a)(4))

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 4.

- 3.1. Describe the methods of delivery of the child health assistance using Title XXI funds to targeted low-income children: (Section 2102(a)(4))
- 3.2. Describe the utilization controls under the child health assistance provided under the plan for targeted low-income children: (Section 2102(a)(4))

--	--	--	--

Section 4. Eligibility Standards and Methodology (Section 2102(b))

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 5.

4.1. The following standards may be used to determine eligibility of targeted low-income children for child health assistance under the plan. Please note whether any of the following standards are used and check all that apply. If applicable, describe the criteria that will be used to apply the standard. (Section 2102(b)(1)(A))

4.1.1. Geographic area served by the Plan

4.1.2. Age

4.1.3. income

4.1.4. Resources (including any standards relating to spend downs and disposition of resources)

4.1.5. Residency

4.1.6. Disability Status (so long as any standard relating to disability status does not restrict eligibility)

4.1.7. Access to or coverage under other health coverage

4.1.8. Duration of eligibility

4.1.9. Other standards (identify and describe)

4.2. The state assures that it has made the following finds with respect to the eligibility standards in its plan: (Section 2102(b)(1)(B))

4.2.1. These standards do not discriminate on the basis of diagnosis,

4.2.2. Within a defined group of covered targeted low-income children, these standards do not cover children of higher income families without covering children with a lower family income.

4.2.3. These standards do not deny eligibility based on a child having a pre-existing medical condition.

- 4.3. Describe the methods of establishing eligibility and continuing enrollment.
(Section 2102(b)(2))
- 4.4. Describe the procedures that assure:
 - 4.4.1. Through intake and follow up screening, that only targeted low-income children who are ineligible for either Medicaid or other creditable coverage are furnished child health assistance under the state child health plan. (Section 2102(b)(3)(A))
 - 4.4.2. That children found through the screening to be eligible for medical assistance under the state Medicaid plan under Title XIX are enrolled for such assistance under such plan. (Section 2102(b)(3)(B))
 - 4.4.3. That the insurance provided under the state child health plan does not substitute for coverage under group health plans. (Section 2102(b)(3)(C))
 - 4.4.4. The provision of child health assistance to targeted low-income children in the state who are Indians (as defined in section 4(c) of the Indian Health Care Improvement Act, 25 U.S.C. 1603(c). (Section 2102(b)(3)(D))
 - 4.4.5. Coordination with other public and private programs providing creditable coverage for low-income children. (Section 2102(b)(3)(E))

--	--	--	--	--

Section 5. Outreach and Coordination. (Section 2102(c))

Describe the procedures used by the state to accomplish:

- 5.1. Outreach to families of children likely to be eligible for assistance or under other public or private health coverage to inform them of the availability of, and to assist them in enrolling their children in such a program: (Section 2102(c)(1))

Response: We propose using brochures and informational flyers to educate families about the health coverage available through Medicaid. We will stress that:

- ◆ Children do not have to be on welfare (cash assistance) to be Medicaid eligible;
- ◆ Children may receive Medicaid benefits even if both parents live in the home; and
- ◆ One or both parents can work full-time and the children may still be Medicaid eligible.

We will involve the MC+ Consumer Advisory Committee, the Division of Family Services income maintenance staff, the Department of Health, school districts, and other appropriate agencies or groups in the design and implementation of the brochures and flyers. We will continue to coordinate eligibility outreach efforts with schools, hospitals, and local health departments by identifying barriers to Medicaid enrollment.

We will also move to a simplified mail-in application process for the expansion populations. This should overcome the burden of applying in person at a Division of Family Services office.

We are also cooperating with the Missouri Hospital Association in their efforts to develop an effective outreach program for not only this program, but for Medicaid children in general.

We are also planning to work with local groups in their designing of local outreach initiatives.

- 5.2. Coordination of the administration of this program with other public and private health insurance programs: (Section 2102(c)(2))

Response: Please refer to Attachment 4. All current Medicaid efforts will continue.

--	--	--	--

Section 6. Coverage Requirements for Children's Health Insurance.
(Section 2103)

Check here if the state elects to use funds provider under Title XXI only to provided expanded eligibility under the state's Medicaid plan, and continue on to Section 7.

6.1. The state elects to provide the following forms of coverage to children:
(Check all that apply.)

6.1.1. Benchmark coverage; (Section 2103(a)(1))

6.1.1.1. FEHBP-equivalent coverage; (Section 2103(b)(1)) (if checked, attach copy of the plan.)

6.1.1.2. State employee coverage; (Section 2103(b)(2)) (If checked; identify the plan and attach a copy of the benefits description.)

6.1.1.3. HMO with largest insured commercial enrollment (Section 2103(b)(3)) (If checked, identify the plan and attach a copy of the benefits description.)

6.1.2. Benchmark-equivalent coverage; (Section 2103(a)(2)) Specify the coverage, including the amount, scope and duration of each service, as well as any exclusions or limitations. Please attached signed actuarial report that meets the requirements specified in Section 2103(c)(4). See instructions.

6.1.3. Existing Comprehensive State-Based Coverage; (Section 2103(a)(3)) [Only applicable to New York, Florida; Pennsylvania] Please attach a description of the benefits package, administration, date of enactment. If "existing; comprehensive state-based coverage" is modified, please provide an actuarial opinion documenting the actuarial value of the modification is greater than the value as of 8/5/97 or one of the benchmark plans. Describe the fiscal year 1996 state expenditures for "existing comprehensive state-based coverage."

6.1.4. Secretary-Approved Coverage. (Section 2103(a)(4))

6.2. The state elects to provide the following forms of coverage to children:
(Check all that apply. If an item is checked, describe the coverage with respect to the amount, duration and scope of services covered, as well as any exclusions or limitations.) (Section 2110(a))

--	--	--	--	--

- 6.2.1. inpatient services (Section 2110(a)(1))
- 6.2.2. Outpatient services (Section 2110(a)(2))
- 6.2.3. Physician services (Section 2110(a)(3))
- 6.2.4. Surgical services (Section 2110(a)(4))
- 6.2.5. Clinic services (including health center services) and other ambulatory health care services (Section 2110(a)(5))
- 6.2.6. Prescription drugs (Section 2110(a)(6))
- 6.2.7. Over-the-counter medications (Section 2110(a)(7))
- 6.2.8. Laboratory and radiological services (Section 2110(a)(8))
- 6.2.9. Prenatal care and prepregnancy family services and supplies (Section 2110(a)(9))
- 6.2.10. Inpatient mental health services, other than services described in 6.2.18., but including services furnished in a state-operated mental hospital and including residential or other 24-hour therapeutically planned structural services (Section 2110(a)(10))
- 6.2.11. Outpatient mental health services, other than services described in 6.2.19, but including services furnished in a state-operated mental hospital and including community-based services (Section 2110(a)(11))
- 6.2.12. Durable medical equipment and other medically-related or remedial devices (such as prosthetic devices, implants, eyeglasses, hearing aids, dental devices, and adaptive devices) (Section 2110(a)(12))
- 6.2.13. Disposable medical supplies (Section 2110(a)(13))
- 6.2.14. Home and community-based health care services (see instructions) (Section 2110(a)(14))
- 6.2.15. Nursing care services (see instructions) (Section 2110(a)(15))
- 6.2.16. Abortion only if necessary to save the life of the mother or if the pregnancy is the result of an act of rape or incest (Section 2110(a)(16))

--	--	--	--	--

- 6.2.17. Dental services (Section 2110(a)(17))
- 6.2.18. Inpatient substance abuse treatment services and residential substance abuse treatment services (Section 2110(a)(18))
- 6.2.19. Outpatient substance abuse treatment services (Section 2110(a)(19))
- 6.2.20. Case management services (Section 2110(a)(20))
- 6.2.21. Care coordination services (Section 2110(a)(21))
- 6.2.22. Physical therapy, occupational therapy, and services for individuals with speech, hearing, and language disorders (Section 2110(a)(22))
- 6.2.23. Hospice care (Section 2110(a)(23))
- 6.2.24. Any other medical, diagnostic, screening, preventive, restorative, remedial, therapeutic, or rehabilitative services. (See instructions) (Section 2110(a)(24))
- 6.2.25. Premiums for private health care insurance coverage (Section 2110(a)(25))
- 6.2.26. Medical transportation (Section 2110(a)(26))
- 6.2.27. Enabling services (such as transportation, translation, and outreach services (see instructions) (Section 2110(a)(27))
- 6.2.28. Any other health care services or items specified by the Secretary and not included under this section (Section 2110(a)(28))

6.3. **Waivers - Additional Purchase Options.** If the state wishes to provide services under the plan through cost effective alternatives or the purchase of family coverage, it must request the appropriate waiver. Review and approval of the waiver application(s) will be distinct from the state plan approval process. To be approved, the state must address the following: (Section 2105(c)(2) and (3))

- 6.3.1. **Cost Effective Alternatives.** Payment may be made to a state in excess of the 10% limitation on use of funds for payments for: 1) other child health assistance for targeted low-income children; 2) expenditures for health services initiatives under the plan for improving the health of children (including targeted low-income children and other low-income children);

3) expenditures for outreach activities as provided in section 2102(c)(1) under the plan; and 4) other reasonable costs incurred by the state to administer the plan, if it demonstrates the following:

- 6.3.1 Coverage provided to targeted low-income children through such expenditures must meet the coverage requirements above. **Describe the coverage provided by the alternative delivery system. The state may cross reference section 6.2.1 - 6.2.28.** (Section 2105(c)(2)(B)(i))
- 6.3.1.2. The cost of such coverage must not be greater, on an average per child basis, than the cost of coverage that would otherwise be provided for the coverage described above; and **Describe the cost of such coverage on an average per child basis.** (Section 2105(c)(2)(B)(ii))
- 6.3.1.3. The coverage must be provided through the use of a community-based health delivery system, such as through contracts with health centers receiving funds under section 330 of the Public Health Service Act or with hospitals such as those that receive disproportionate share payment adjustments under section 1886(d)(5)(F) or 1923 of the Social Security Act. **Describe the community based delivery system.** (Section 2105(c)(2)(B)(iii))
- 6.3.2. Purchase of Family Coverage. Describe the plan to provide family coverage. Payment may be made to a state for the purpose of family coverage under a group health plan or health insurance coverage that includes coverage of targeted low-income children, if it demonstrates the following:
(Section 2105(c)(3))
- 6.3.2.1. Purchase of family coverage is cost-effective relative to the amounts that the state would have paid to obtain comparable coverage only of the targeted low-income children involved; and **Describe the associated costs for purchasing the family coverage relative to the coverage for the low income children.** (Section 2105(c)(3)(A))

- 6.3.2.2. The state assures that the family coverage would not otherwise substitute for health insurance coverage that would be provided to such children but for the purchase of family coverage. (Section 2105(c)(3)(B))

Section 7. Quality and Appropriateness of Care

- Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 8.

- 7.1. Describe the methods (including external and internal monitoring) used to assure the quality and appropriateness of care, particularly with respect to well-baby care, well-child care, and immunizations provider under the plan. (Section 2102(a)(7)(A))

Will the state utilize any of the following tools to assure quality? (Check all that apply and describe the activities for any categories utilized.)

- 7.1.1. Quality standards
- 7.1.2. Performance measurement
- 7.1.3. Information strategies
- 7.1.4. Quality improvement strategies
- 7.2. Describe the methods used, including monitoring, to assure access to covered services, including emergency services. (Section 2102(a)(7)(B))

Section 8. Cost Sharing and Payment (Section 2103(e))

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 9.

There will be no cost sharing for eligible children.

8.1. Is cost-sharing imposed on any of the children covered under the plan?

8.1.1. YES

8.1.2. NO, skip to question 8.5.

8.2. Describe the amount of cost sharing and any sliding scale based on income: (Section 2103(e)(1)(A))

8.2.1. Premiums

8.2.2. Deductibles

8.2.3. Coinsurance

8.2.4. Other

8.3. Describe how the public will be notified of this cost-sharing and any differences based on income:

8.4. The state assures that it has made the following findings with respect to the cost sharing and payment aspects of its plan: (Section 2103(e))

8.4.1. Cost-sharing does not favor children from higher income families over lower income families. (Section 2103(e)(1)(B))

8.4.2. No cost-sharing applies to well-baby and well-child care, including age-appropriate immunizations. (Section 2103(e)(2))

8.4.3. No child in a family with income less than 150% of the Federal Poverty Level will incur cost-sharing that is not permitted under 1916(b)(1).

8.4.4. No Federal funds will be used toward state matching requirements. (Section 2105(c)(4))

- 8.4.5. No premiums or cost-sharing will be used toward state matching requirements. (Section 2105(c)(5))
 - 8.4.6. No funds under this title will be used for coverage if a private insurer would have been obligated to provide such assistance except for a provision limiting this obligation because the child is eligible under this title. (Section 2105(c)(6)(A))
 - 8.4.7. income and resource standards and methodologies for determining Medicaid eligibility are not more restrictive than those applied as of June 1, 1997. (Section 2105(d)(1))
 - 8.4.8. No funds provided under this title or coverage funded by this title will include coverage of abortion except if necessary to save the life of the mother or if the pregnancy is the result of an act of rape or incest. (Section 2105(c)(7)(B))
 - 8.4.9. No funds provided under this title will be used to pay for any abortion or to assist in the purchase, in whole or in part, for coverage that includes abortion (except as described above). (Section 2105(c)(7)(A))
- 8.5. Describe how the state will ensure that the annual aggregate cost-sharing for a family does not exceed 5 percent of such family's annual income for the year involved: (Section 2103(e)(3)(B))
- 8.6. The state assures that, with respect to pre-existing medical conditions, one of the following two statements applies to its plan:
- 8.6.1. The state shall not permit the imposition of any pre-existing medical condition exclusion for covered services (Section 2102(b)(1)(B)(ii)); **OR**
 - 8.6.2. The state contracts with a group health plan or group health insurance coverage, or contracts with a group health plan to provide family coverage under a waiver (see Section 6.3.2 of the template). Pre-existing medical conditions are permitted to the extent allowed by HIPAA/ERISA (Section 2109(a)(1),(2)). Please describe:

--	--	--

Section 9. Strategic Objectives and Performance Goals for the Plan Administration (Section 2107)

9.1. Describe strategic objectives for increasing the extent of creditable health coverage among targeted low-income children and other low-income children: (Section 2107(a)(2))

Response: Please refer to Attachment 6. The state hopes to expand health coverage, thereby decreasing the number of uninsured in Missouri. This will be accomplished with the greatest administrative efficiency through a Medicaid expansion.

9.2. Specify one or more performance goals for each strategic objective identified: (Section 2107(a)(3))

Response: The state expects to enroll approximately 70,000 additional children in Medicaid by June 30, 1999. Please refer to Attachment 6.

9.3. Describe how performance under the plan will be measured through objective, independently verifiable means and compared against performance goals in order to determine the state's performance, taking into account suggested performance indicators as specified below or other indicators the state develops: (Section 2107(a)(4)(A),(B))

Check the applicable suggested performance measurements listed below that the state plans to use: (Section 2107(a)(4))

- 9.3.1. The increase in the percentage of Medicaid-eligible children enrolled in Medicaid.
- 9.3.2. The reduction in the percentage of uninsured children.
- 9.3.3. The increase in the percentage of children with a usual source of care.
- 9.3.4. The extent to which outcome measures show progress on one or more of the health problems identified **by** the state.
- 9.3.5. **HEDIS** Measurement Set relevant to children and adolescents younger than 19.
- 9.3.6. Other child appropriate measurement set. List or describe the set used.

--	--	--	--	--

9.3.7. If not utilizing the entire HEDIS Measurement Set, specify which measured will be collected, such as:

9.3.7.1. Immunizations

9.3.7.2. Well child care

9.3.7.3. Adolescent well visits

9.3.7.4. Satisfaction with care

9.3.7.5. Mental health

9.3.7.6. Dental care

9.3.7.7. Other, please list:

Response: Please refer to Attachment 7, MC+ Quality Indicators.

9.3.8. Performance measures for special targeted populations.

9.4. The state assures it will collect all data, maintain records and furnish reports to the Secretary at the times and in the standardized format that the Secretary requires. (Section 2107(b)(1))

9.5. The state assures it will comply with the annual assessment and evaluation required under Section 10.1 and 10.2 (see Section 10). Briefly describe the state's plan for these annual assessments and reports. (Section 2107(b)(2))

Response: This population will become part of our MC+ reporting. In addition, all necessary 1115 reports and documentation will be submitted. See Attachment 8.

9.6. The states assures it will provide the Secretary with access to any records or information relating to the plan for purposes of review of audit. (Section 2107(b)(3))

9.7. The state assures that, in developing performance measures, it will modify those measures to meet national requirements when such requirements are developed.

--	--	--	--	--

9.8. The state assures, to the extent they apply, that the following provisions of the Social Security Act will apply under Title XXI, to the same extent they apply to a state under Title XIX: (Section 2107(e))

9.8.1. Section 1902(a)(4)(C) (relating to conflict of interest standards)

9.8.2. Paragraphs (2), (16) and (17) of Section 1903(i) (relating to limitations on payment)

9.8.3. Section 1903(w) (relating to limitations on provider donations and taxes)

9.8.4. Section 1115 (relating to waiver authority)

9.8.5. Section 1116 (relating to administrative and judicial review), but only insofar as consistent with Title XXI

9.8.6. Section 1124 (relating to disclosure of ownership and related information)

9.8.7. Section 1126 (relating to disclosure of information about certain convicted individuals)

9.8.8. Section 1128A (relating to civil monetary penalties)

9.8.9. Section 1128B(d) (relating to criminal penalties for certain additional charges)

9.8.10. Section 1132 (relating to periods within which claims must be filed)

9.9. Describe the process used by the state to accomplish involvement of the public in the design and implementation of the plan and the method for insuring ongoing public involvement. (Section 2107(c))

Response: During public hearings for Missouri's 1115 waiver amendment and in all other public discourse it was clearly stated our intent to coordinate the use of the new State Children's Health Insurance Program to expand Medicaid coverage.

These discussions have continued in numerous additional public settings, newswire stories, and in our state legislative and appropriation processes.

--	--	--	--	--

On an ongoing basis the MC+ Statewide Quality Assessment and Improvement (QA&I) Advisory Group will advise the Division of Medical Services regarding health policy that: improves the health status of MC+ clients; maintains or reduces the cost of health care while maintaining or improving quality of care; and describes best practices.

The role of QA&I subcommittees will be to evaluate, refine and recommend sentinel indicators; recommend intervention strategies; and review satisfaction and audit data as it relates to maternal and child health and behavioral health issues. The QA&I subcommittees will also communicate provider complaints and system issues to the QA&I Advisory Committee and the Division of Medical Services and respond to ad hoc requests of the QA&I Committee.

- 9.10.** Provide a budget for this program. Include details on the planned use of funds and sources of the non-Federal share of plan expenditures.
(Section 2107(d)) A financial form for the budget is being developed, with input from all interested parties, for states to utilize.

Response: Please refer to Attachment 9.

--	--	--	--	--

Section 10. Annual Reports and Evaluations (Section 2108)

10.1. Annual Reports. The state assures that it will assess the operation of the state plan under this Title in each fiscal year, including: (Section 2108(a)(1),(2))

10.1.1. The progress made in reducing;the number of uncovered low-income children and report to the Secretary **by** January 1 following the end of the fiscal year on the result of the assessment, and

10.1.2. Report to the Secretary, January 1 following the end of the fiscal year, on the result of the assessment.

--	--	--	--	--

Below is a chart listing the types of information that the state's annual report might include. Submission of such information will allow comparisons to be made between states and one a nationwide basis.

Attributes of Population	Number of Children with Creditable Coverage		Number of Children without Creditable Coverage	TOTAL
	XIX	Other CHIP		
Income Level:				
≤ 133%				
≤ 185%				
< 200%				
> 200%				
<u>Age</u>				
0 - 1				
1 - 5				
6 - 12				
13 - 18				
<u>Race and Ethnicity</u>				
American Indian or Alaskan Native				
Asian or Pacific Islander				
Black, not of Hispanic origin				
Hispanic				
White, not of Hispanic origin				
<u>Location</u>				
MSA				
Non-MSA				

Response: Please refer to Section 2.1 and Attachments 1, 2, and 3.

--	--

- 10.2. State Evaluations. The state assures that by March 31, 2000 it will submit to the Secretary an evaluation of each of the items described and listed below: (Section 2108(b)(A)-(H))
 - 10.2.1. An assessment of the effectiveness of the state plan in increasing the number of children with creditable health coverage.
 - 10.2.2. A description and analysis of the effectiveness of elements of the state plan, including:
 - 10.2.2.1. The characteristics of the children and families assisted under the state plan including age of the children, family income, and the assisted child's access to or coverage by other health insurance prior to the state plan and after eligibility for the state plan ends;
 - 10.2.2.2. The quality of health coverage provided including the types of benefits provided;
 - 10.2.2.3. The amount and level (including payment of part or all of any premium) of assistance provided by the state;
 - 10.2.2.4. The service area of the state plan;
 - 10.2.2.5. The time limits for coverage of a child under the state plan;
 - 10.2.2.6. The state's choice of health benefits coverage and other methods used for providing child health assistance, and
 - 10.2.2.7. The sources of non-Federal funding used in the state plan.
 - 10.2.3. An assessment of the effectiveness of other public and private programs in the state in increasing the availability of affordable quality individual and family health insurance for children.
 - 10.2.4. A review and assessment of state activities to coordinate the plan under this Title with other public and private programs providing health care and health care finding, including Medicaid and maternal and child health services.

--	--	--	--	--

- 10.2.5. An analysis of changes and trends in the state that affect the provision of accessible, affordable, quality health insurance and health care to children.
- 10.2.6. A description of any plans the state has for improving the availability of health insurance and health care for children.
- 10.2.7. Recommendations for improving the program under this Title,
- 10.2.8. Any other matters the state and the Secretary consider appropriate.
- 10.3. The state assures it will comply with future reporting requirements as they are developed.
- 10.4. The state assures that it will comply with all applicable Federal laws and regulations, including but not limited to Federal grant requirements and Federal reporting requirements.

OUTREACH EFFORTS FOR MEDICAID PROGRAMS
Fee-For-Service Program

TYPE	IF USED PLEASE CHECK	ONGOING ACTIVITY	BRIEF DESCRIPTION
1. Newsletters- What topic, sent to what types of groups	J	As needed	Medicaid Newsletter for Dept. Of Elementary & Secondary Education distributed to public schools
	✓		Recipient notice informing clients of the new toll free number to call for non-emergency medical transportation assistance (888-863-9513).
	J	Yes	Bulletins are issued as needed to targeted provider groups (phys., APN, etc.) to inform of policy changes, clarification of existing policies and procedures.
2. 800 numbers	✓	Yes	Numbers for: Provider Relations 800-392-0938 Recipient Services 800-392-2161 Exceptions Unit 800-392-8030 Non-Emergency Medical Transportation 888-863-95 13
	✓	Yes	Receive requests for drug prior authorization and emergency exception requests for non-covered items/services from physicians.
3. E-mail newsletter/communications	---	---	Not applicable
4. Speakers' bureau or designated spokespersons	J	Yes	Name groups spoken to in the last 12 months East West GateWay Area Agencies on Aging Department of Health Head Injury Case Workers Mid America Regional Council Mo Public Transit Association annual meeting Department of Health Council
	J	As Needed	Collaborative Trainings with MC+ case managers and First Steps service coordinators re: Early Intervention Services. Trainings were in each MC+ area. Presented the above collaborative efforts at NECTAS (National Early Childhood Technical Assistance System) Managed Care Meeting.

TYPE	IF USED PLEASE CHECK	ONGOING ACTIVITY	BRIEF DESCRIPTION
4. Brochures	✓	As Requested	Healthy Children and Youth (HCY) Pamphlet Distributed to recipients at the time of application (115 local Division of Family Services offices) Provided to over 33 service organizations including March of Dimes, Kids Under 21, Black Health Care Coalition, Kansas City Maternal Child Health Coalition, Catholic Services for Children and Youth, Birthright, YouthNet, among others. Printed in Spanish (1997)
	✓	When requested	Medicaid and You, pamphlets on Medicaid spenddown, Qualified Medicaid Beneficiary, Family Services in Missouri, etc.
	✓	Yes As Needed	Non-Emergency Medical Transportation program pamphlets distributed with Medicaid approval letters sent by Division of Family Services and Area Agency on Aging.
5. News releases	✓		As needed to announce information about program
7. Response to inquires on programs-how are these handled	✓	As Needed	Media inquires coordinated through the Department of Social Service's Office of Communications
	✓	Yes	Recipient Services Unit handles calls from recipients, Program Management responds to complex inquiries, and Provider Communications-inquiries from Providers.
	✓	Yes	A written response is sent to the inquirer usually under the Director of Social Services or Director of Medical Services signature. Occasionally, a verbal response is made-this occurs with telephone inquiries-sometimes followed by a written response as well.
8. Representative members of community organizations	✓		List organizations:
		Monthly	MO Planning Council for Developmental Disabilities
		Quarterly	Various Provider Associations State Interagency Coordinating Council (for early intervention services)

TYPE	IF USED PLEASE	ONGOING ACTIVITY	BRIEF DESCRIPTION
9. Posters	✓	1997 First year Scheduled as a yearly contest	"Well Child Checkup" statewide poster contest. Teachers of Family and Consumer Sciences classes throughout the state were invited to make the poster contest project part of the curriculum taught on child health and development. 180 teachers agreed to participate and were provided educational materials on a variety of subjects some which were well child clinics, Tel-Link material, prenatal care, substance abuse, immunizations, child safety, and HCY exams. The 2 winning students were invited to Jefferson City to meet the Governor and each received an award.
10. Educational	✓	Yes	Provider manuals
	✓	Yes	-Message on the Audio Response Unit and POS terminal. -Physician's Seminars and training scheduled on periodic basis or upon request.
11. Videos	---	--	N/A
12. Health promotion campaigns	---	---	See #9
13. Media appearances with breaking news	✓	Yes	-DOH staff made appearances on broadcast and media programs in KC, St. Louis, Columbia, Joplin, Springfield, St. Joseph, and Kirksville promoting EPSDT. * Not Breaking News
14. Health fairs and community related trade shows	J	As Scheduled	Present at Comprehensive School Health Conference (statewide conf.)
	✓	As Scheduled	-Department of Health exhibited Healthy Children and Youth and well child care information at events such as: St. Louis and Kansas City Black and Latino Expos, Child Abuse/Neglect Conference, Maternity Fair, A Baby Affair, Conference on Young Years.
15. Internet Web pages	✓	Yes	Home page on the Internet under development.
16. Public Service Announcements- -Radio/TV	✓	Yes	Radio/TV announcements (Dept. Of Health) See #13
17. Complaint resolution team	✓	Yes	All recipients have right to file complaint/grievance/hearing

TYPE	IFUSED PLEASE CHECK	ONGOING ACTIVITY	BRIEF DESCRIPTION
Others-please list: Training	✓	As Needed	Provide information and training regarding AIDS Waiver services to service coordination staff.

MC+ Outreach

Health Plan contracts require that the health plan must have an established process for reminders, follow-ups, and outreach to members. This process shall include notifying children of upcoming periodic screenings according to a periodicity schedule established by the state agency. The current schedule is contained in Attachment 8. At the time of notification, the plans must offer transportation and scheduling assistance and provide this assistance if necessary. The health plan shall submit to the state a quarterly report that identifies its performance regarding:

- (a) Written notification of upcoming or missed key points of contact within a set time period, taking into consideration language and literacy capabilities of members.
- (b) Telephone protocols to remind members of upcoming visits and follow-up on missed appointments within a set time period.
- (c) Protocols for conducting outreach with non-compliant members, including home visits, as appropriate.

MISSOURI CARING COMMUNITIES

Facts and Frequently Asked Questions

- **What is the: Family Investment Trust?**

The Family Investment Trust (FIT) is a state level public-private partnership created in 1993 by executive order. The executive order charged FIT with developing measures with state agencies to improve conditions for children and families and with assisting local communities in establishing collaborative processes. The FIT Board is comprised of the directors of the Departments of Corrections, Economic Development, Elementary and Secondary Education, Health, Labor and Industrial Relations, Mental Health, and Social Services, and private sector members appointed by the Governor. The Family Investment Trust provides a vehicle for the state agencies to work together and with the private sector. Community Partnerships and Caring Communities are key elements of the strategic plan to improve systems to achieve better results.

- **What is Caring Communities?**

Caring Communities is a school-linked/school-based process whereby integrated systems are designed, developed and monitored through a partnership among families, schools and local citizens to improve six core results

- **What is a Community Partnership?**

A Community Partnership is a broadly representative county or multi-county governance structure that accepts sustained responsibility for the planning, development and financing of integrated systems to improve six core results for children and families. The Community Partnership works collaboratively with seven state agencies and functions as the parent board for the Caring Communities sites.

- **What are the six core results of Caring Communities?**

- * Parent working
- * children safe in their families and families safe in their communities
- * Young children ready to enter school
- * Children and families that are healthy
- * Children and youth succeeding in school
- * Youth ready to enter the work force and become productive citizens

- **What does the recent addition of the Departments of Corrections and Economic Development bring to the partnership?**

The Department of Corrections provides another important level of support to the core results of parents working and children and families safe through its commitment to improving public safety, developing effective community interventions, establishing cooperative efforts through partnerships and preparing offenders to be productive citizens.

The Department of Economic Development is charged with making Missouri a world class place to live and work by creating and sustaining economic security and opportunity, fostering self-sufficient communities and ensuring the high quality of essential services. The Department will work with Caring Communities to create an economically prosperous environment, which in turn will create more self-sufficient communities consisting of strong families and successful children.

- **Is Caring Communities creating a new bureaucracy at the state or community level?**
 - * **No.** Locally, Caring Communities brings together the many stakeholders and existing entities in a community to develop more effective and efficient integrated solutions to complex problems.
 - * At the state level, seven state agencies are working together and with communities to reduce fragmentation, duplication and get better results. The seven state agencies jointly engage in strategic planning, budgeting, training and evaluation.
- **How many Community Partnerships and Caring Communities sites are there?**

There are 14 community partnerships whose sphere of influence has the potential to impact 56% of the state's population. There are 87 Caring Communities school/neighborhood sites. The state agencies are working with seven additional counties to develop Community Partnerships.
- **Does Caring Communities burden schools when they should be focusing on educating children?**

No. Quite the opposite. Surveys show that school personnel view Caring Communities as an effective way to reduce the burden placed on schools giving them greater ability to focus on teaching. The surveys also reveal increased parental involvement, greater respect for teachers, increased community resources for the school and positive changes in their neighborhood.
- **How are Community Partnership areas selected?**

The state agencies jointly perform an assessment of need and capacity indicators by county. Counties that are identified with the greatest need and capacity are invited to develop a community partnership and to enter into an agreement with the state agencies to improve six core results.
- **How are Caring Communities sites selected?**

The state agencies have minimum criteria for sites. Community partnerships may add additional criteria. Community partnerships conduct an assessment of need and capacity and recommend potential school/neighborhood sites to the state agencies. Communities and state agencies agree together on sites for designation.
- **What is the process for determining funding allocations and distributing Caring Communities funding?**

State agencies allocate funds through a funding formula. The formula now in effect is: *Total student population of largest district in the county X .20 X 400.*
- **What dollars support Caring Communities?**

Caring Communities is supported by a \$22.4 million state appropriation. The original source for the \$22.4 million dollar state appropriation was federal earnings from child welfare. Community plans to achieve the six core results are also supported by local investments with at least one in five dollars spent in FY97 being from local sources. Funds flow from the state agencies to the fiscal agent of the Community Partnership. Statewide, 80% of the Caring Communities dollars support services, and 20% fund technical assistance and administrative oversight.
- **How many children are being served?**

Nearly 40,000 children. However, Caring Communities serves the entire family rather than the child only. Many activities serve entire neighborhoods.

- **How are results being measured?**
 - * **An independent** evaluation protocol is in place.
 - * **The state agencies and** communides **have agreed to 18 benchmarks.** Data is being cracked on **multiple levels:** statewide, at the **community level (by zip code), within the targeted schools** and among **core participants.**
 - * **A baseline process study** has been conducted by **the Center** for the Study of **Social Policy.**
 - * **Communides are engaging in additional** independent evaluations.
- **What has been accomplished? What results have been documented?**

Coadiaons are changing for the better for children and youth in Caring Communides (and are getting better faster than in the rest of the state) as reflected by the following:

Of the seven benchmarks for which data have been collected for more than one year:

Between FY96 and 97:

- ◆ **Substantiated child abuse and neglect** decreased 5% statewide, bur 7% in Caring Communides neighborhoods.
- ◆ **New commitments for delinquency** increased statewide but decreased 20% in Caring Communities neighborhoods
- ◆ **Recommitments for delinquency** decreased 4% statewide bur decreased 43% in Caring Communities neighborhoods.

Between FY95 and 96:

- ◆ **Hospital treatment due to injuries** decreased 3% statewide but decreased 6% in Caring Communities neighborhoods.
- ◆ **Preventable hospitalizations** decreased 16% statewide but decreased 24% in Caring Communities neighborhoods.

See the Key Strategies by Core Result document regarding activities which contributed to these improvements.

Benchmark dam show that Caring Communities are currently in the neighborhoods with the highest needs, in the schools with the highest needs, working with the children with the highest needs. This, suggests that Caring Communities have been targeted where they are most needed.

Other Significant Accomplishments:

- ◆ **Increased employment - from 95-97 Kansas City's welfare to work initiative** moved 1342 individuals from **welfare to work** that have not returned to welfare.
- ◆ **Increased parental and community involvement** as documented through evaluative surveys.
- ◆ **Based on independent case studies,** the quantity of available services and supports to families in **Caring Communities has been greatly improved.**
- ◆ **Based on independent cases studies,** community engagement in decision making has been greatly enhanced. **Thousands** of volunteers are engaged in neighborhood and community decision making and development.
- ◆ **Schools ace serving as centers of community**
- ◆ **Blending of state and local and public and private resources;** at least one of five dollars spent in FY97 came from local sources.
- ◆ **Academic achievement scores** have improved in several sites.

care coverage to uninsured kids, and there are millions of kids who are eligible who have just not signed up for the program.” A number of reasons might explain the failure of children being enrolled in Medicaid:

- many parents don't realize their children are eligible for Medicaid;
- some families are daunted by a complex set of rules and application forms; and
- some families don't want to be a part of a welfare-type program.

Missouri Medicaid and Outreach. Staff members of MHA, the Division of Medical Services and the Division of Family Services met recently to outline joint initiatives related to Medicaid outreach. We are exploring two options for action:

- publishing the Medicaid application on the Internet; and
- developing a screening protocol to be used to help hospital employees screen patient information of adult patients in the hospital to determine whether they have children at home who are uninsured and eligible for Medicaid.

Missouri Congressional Delegation to Remain at Current Size. According to the Census Bureau's new state population estimates, Texas will gain two congressional seats and seven other states will gain one seat. Eight states will lose a congressional seat. So far, Missouri is unaffected by the shifting of population from the Northeast to the South and Southwest.

Next Week Next week, we again will be reporting on a full range of federal and state policy developments and legislative activity. You will find *Legislative Lookout* included in next week's mailing as the Missouri General Assembly convenes on January 7. We look forward to working with you in the new year to help you improve the health status of your communities. (Fine)

CDC PUBLISHES REVISED IMMUNIZATION RECOMMENDATIONS

The Centers for Disease Control and Prevention (CDC) published in the December 26, 1997, *Morbidity and Mortality Weekly Report* recommendations for IMMUNIZATION OF HEALTH CARE WORKERS. This report summarizes recommendations of the Advisory Committee on Immunization Practices on using certain immunizing agents on health care workers in the United States. It was prepared in consultation with the Hospital Infection Control Practices Advisory Committee (HICPAC) and is consistent with current HICPAC guidelines for infection control in health care personnel.

CDC believes these recommendations can assist hospital administrators, infection control practitioners, employee health physicians, and health care workers in optimizing infection prevention and control programs. Background information for each vaccine-preventable disease and specific recommendations for use of each vaccine are presented.

ISSUE: HEALTH CARE FOR CHILDREN AND FAMILIES

Goal *Optimize the access to and the quality of health care services.*

<p>Outcome #2 (What do we want to achieve?)</p>	<ul style="list-style-type: none"> ◆ Show Me Result -- Increase the percent of Missourians with health insurance.
<p>Outcome Measure (How will we measure success?)</p>	<ul style="list-style-type: none"> ◆ An additional 70,000 children receiving health care services by the year 2000.
<p>Objective (What will we do?)</p>	<ul style="list-style-type: none"> ◆ Provide expanded medical coverage for children and parents transitioning from welfare to work.
<p>Strategies (How will we achieve our objectives?)</p>	<ul style="list-style-type: none"> ◆ Medicaid Expansion -- Targeted Medicaid Waiver Initiative for working parents (1115 Waiver) ◆ Children's Health Initiative

ISSUE: HEALTH CARE FOR CHILDREN AND FAMILIES

Goal Optimize the access to and the quality of health care services.

Outcome #3 <i>(What do we want to achieve?)</i>	<ul style="list-style-type: none">◆ Maximize cost avoidance in delivering health care services
Outcome Measure <i>(How will we measure success?)</i>	<ul style="list-style-type: none">◆ \$92 million in cost avoidance statewide by the year 2000◆ Number of MC+ recipients
Objective <i>(What will we do?)</i>	<ul style="list-style-type: none">◆ Move traditional fee-for-service payments into a managed care environment.
Strategies <i>(How will we achieve our objectives?)</i>	<ul style="list-style-type: none">◆ Rollout MC+ in the remaining areas of the state.◆ Children's Behavioral Health Initiative -- An inter-departmental team (DESE, DSS, DOH, DMH, and consumers) has received a grant from the Robert Wood Johnson Foundation to study and pilot an interagency comprehensive system of care for children with severe disabilities and persistent mental health needs. The initiative will be piloted in St. Louis and Central Missouri in the spring of 1998.◆ Develop transitional models for areas of the state where access to health care is an issue such as Primary Care Case Management.◆ Reduce the state's reliance on disproportionate share funding by expanding medical coverage for the uninsured.

PLAN REPORTED MC+ QUALITY INDICATORS

EASTERN/CENTRAL REGIONS: SECOND YEAR	
GENERAL REQUIREMENTS: (QUARTERLY REPORTS)	
1.	Complaints and grievances with resolutions.
2.	Number and reasons for transfers among PCPs
HEDIS REQUIREMENTS: (ANNUAL REPORTS)	
3.	(H) Childhood Immunization Status (2 year old)
4.	(H) Adolescent Immunization Status
5.	(H) Well child Visits in the First 15 Months of Life
6.	(H) Well Child Visits in the Third, Fourth, Fifth, and Sixth Year of Life
7.	(H) Adolescent Well-Care Visits
8.	(H) Cervical Cancer Screening
9.	(H) Follow-up after hospitalization for mental illness.
10.	(H) Check-ups After Delivery
11.	(H) Annual dental visit
12.	(Hj) Ambulatory Care
13.	(H) Mental Health Utilization - Percentage of Members Receiving IP/Day/Night Care and Ambulatory Service
OTHER DATA: (ANNUAL REPORTS)	
14.	Monitoring of 24 hour coverage.
15.	Member Satisfaction Survey (State Provided)
16.	Chemical Dependency Utilization - Percentage of Members Receiving IP/Day/Night Care and Ambulatory Service
17.	Sentinel Events (Occurrences)

PLAN DATA COLLECTION REQUIREMENTS: HEDIS indicators will be collected in accordance with **HEDIS 3.0** guidelines for the numerators and denominators. The plan must indicate which method, hybrid or administrative, was utilized to collect the data.. The reporting schedule is as follows:

1. All indicators will be collected for the 1997 calendar year. The data collection period is January 1, 1997 through December 31, 1997.
2. The reports are due June 30, 1998.
3. Indicator 16 will be collected in accordance with the HEDIS indicators with one exception, the requirement for continuous enrollment has been omitted.

SECONDARY SOURCE - REPORTING

QUALITY INDICATORS

DMS INTERNAL DATA SOURCES:

1. Complaints and grievances.
2. Number and reasons for transfers between plans and disenrollments.

DOH DATA SOURCES:

3. (H) Adolescent Immunization Status
4. (H) Well child Visits in the First 15 Months of Life
5. Number of enrollees seeking initial prenatal care visit during:
 - a. Preconception
 - b. First trimester
 - c. Second trimester
 - d. Third trimester
6. Birth weight - total number of births by weight category for each live birth.

◆	<500 Gms.	_____
◆	500-1499 Gms.	_____
4	1500-1999 Gms.	_____
◆	2000-2499 Gms.	_____
◆	≥2500 Gms.	_____
◆	Stillborn fetuses	_____
7. All delivered single or multiple live or still born fetus(es) of greater than or equal to 22 weeks gestation.
8. Pregnancy outcome
 - a. Fetal loss >29 weeks
 - b. Number of live births by:
type of birth (cs, vbac, vaginal)
9. Total number of members provided prenatal care.

QUALITY INDICATORS

- | | |
|-----|--|
| 10. | Sexually Transmitted Diseases -
a. Chlamydia - ICD 099.53
b. Gonorrhea - ICD 091.0
c. Syphilis - JCD 98.0 and 97.9 |
| 11. | Percent of pregnant women on WIC |
| 12. | Number of Acute inpatient behavioral health and average length of stay |
| 13. | Inadequate Prenatal Care |
| 14. | Smoking During Pregnancy |
| 15. | Spacing <18 months since last birth |
| 16. | Births to mothers <18 years of age |
| 17. | Family Planning Opportunities |

MISSOURI DEPARTMENT OF SOCIAL SERVICES DIVISION OF MEDICAL SERVICES

☆ QUALITY ASSESSMENT AND IMPROVEMENT PLAN ☆

☆ Purpose ☆

To assure access to quality service in the Managed Care Plus (MC+) Program, the Division of Medical Services, Quality Assessment Unit will employ a variety of methods and tools to measure outcomes of service that are provided through the health plans and promote the process of ongoing quality improvement. Quality of care will be measured and evaluated in a regular, ongoing manner utilizing the following approach.

☆ Goal ☆

The goal is to monitor health care services provided to MC+ members by the health plans in compliance with Federal, State, and contract requirements; and to develop a process through which the Division of Medical Services can collegially work with the health plans to establish objectives and timetables for improvement of service delivery where indicated.

☆ Overview ☆

The plans must meet program standards for quality improvement, systems, member services, provider services, record keeping, organizational structure, adequacy of personnel, access standards, and data reporting as outlined in the managed care contract. In addition, quality standards must meet or exceed the requirements of 42 CFR 434.34.

The Quality Assessment process includes an internal review administered by the health plan, an internal review by the state, and an annual external review administered by an independent PRO or PRO-like entity. Components of the quality assessment process include the following:

1. Plan Report of Quality Assessment and Improvement
 - A. The plans will provide the State with regular reports of internal utilization and quality assessment reviews. Frequency and types of reports include:
 1. Quarterly Reports: Quarterly reports are due 45 working days following the last day of the quarter. Required reports are as follows:
