**SUBJECT: New Dispensing/Supply Fee Codes for Oral Anti-Cancer, Oral Anti-Emetic, Immunosuppressive, and Inhalation Drugs**

**I. SUMMARY OF CHANGES:** Section 303(e) (2) of the MMA implements a supplying fee for immunosuppressive drugs, oral anti-cancer chemotherapeutic drugs, and oral anti-emetic drugs used as part of an anti-cancer chemotherapeutic regimen. Beginning January 1, 2005, Medicare will pay a separately billable supplying fee of \$24.00 to a pharmacy for each supplied prescription of the above-mentioned drugs. In addition, Medicare will also pay a separately billable supplying fee of \$50.00 to a pharmacy for the initial supplied prescription of the immunosuppressive drugs during the first month following the patient's transplant. This is a one-time payment per beneficiary.

We are also changing the dispensing fee for inhalation drugs furnished through durable medical equipment. Effective January 1, 2005, Medicare will pay a dispensing fee of \$57.00 to a pharmacy/supplier for each 30-day supply of inhalation drugs furnished through DME regardless of the number of shipments or drugs dispensed during the 30 days period. Medicare will also pay a dispensing fee of \$80.00 to a pharmacy/supplier for each 90-day period of inhalation drugs furnished through DME regardless of the number of shipments or drugs dispensed during the 90 days.

**NEW/REVISED MATERIAL - EFFECTIVE DATE\*: January 1, 2005**

**SUBJECT: DMERC - New Dispensing/Supply Fee Codes for Oral Anti-Cancer, Oral Anti-Emetic, Immunosuppressive, and Inhalation Drugs**

## I. GENERAL INFORMATION

### A. Background:

Section 303(e) (2) of the MMA implements a supplying fee for immunosuppressive drugs, oral anti-cancer chemotherapeutic drugs, and oral anti-emetic drugs used as part of an anti-cancer chemotherapeutic regimen. Beginning January 1, 2005, Medicare will pay a separately billable supplying fee of \$24.00 to a pharmacy for each supplied prescription of the above-mentioned drugs. In addition, Medicare will also pay a separately billable supplying fee of \$50.00 to a pharmacy for the initial prescription of immunosuppressive drugs. This fee is billable on the first claim only for immunosuppressives. This is a one-time \$50 fee per beneficiary, per transplant. Medicare will pay this fee on the first claim after the transplant (Code G0369).

We are also changing the dispensing fee for inhalation drugs furnished through durable medical equipment. Effective January 1, 2005, Medicare will pay a dispensing fee of \$57.00 in total to a pharmacy for all inhalation drugs furnished through DME dispensed during a 30 day period regardless of the number of shipments or drugs dispensed. Medicare will also pay a dispensing fee of \$80.00 in total to a pharmacy for all inhalation drugs furnished through DME dispensed during a 90 day period regardless of the number of shipments or drugs dispensed.

**NOTE:** The 2006 fees for inhalation drugs furnished through DME shall be determined after notice and comment rulemaking during 2005.

### B. Policy:

Effective January 1, 2005, Medicare will pay a supplying fee of \$24.00 to a pharmacy for each supplied prescription of immunosuppressive drugs, oral anti-cancer drugs, and oral anti-emetic drugs. The code for this supplying fee is G0370. The code description is as follows:

G0370 – Pharmacy supply fee for oral anti-cancer, oral anti-emetic or immunosuppressive drug(s)

Effective January 1, 2005, Medicare will pay a supplying fee of \$50.00 to a pharmacy for the initial supplied prescription of immunosuppressive drugs to the patient during the first month following the transplant. The code for this supplying fee is G0369. This is a one-time payment per beneficiary, per transplant. The code description is as follows:

G0369 – Pharmacy supply fee for initial immunosuppressive drug(s) first month following transplant.

Effective January 1, 2005, Medicare will pay a dispensing fee of \$57.00 to a pharmacy for a 30-day period of inhalation drugs furnished through DME regardless of the number of shipments or drugs dispensed during that time. Only one dispensing fee payment will be made for the 30 day supply. The code for this dispensing fee is G0371. The code description is as follows:

G0371 – Pharmacy dispensing fee for inhalation drug(s); per 30-days.

Effective January 1, 2005, Medicare will pay a dispensing fee of \$80.00 to a pharmacy for each dispensed 90-day period of inhalation drugs furnished through DME regardless of the number of shipments or drugs dispensed during that time. Only one dispensing fee payment will be made for the 90 day supply. The code for this dispensing fee is G0374. The code description is as follows:

G0374 – Pharmacy dispensing fee for inhalation drug(s); per 90-days.

Based on code descriptions, a supply fee and a dispensing fee is not appropriate for one drug. The supply fee is for immunosuppressives, oral anti-cancer drugs and oral anti-emetic drugs. The dispensing fee is for inhalation drugs only. A pharmacy may not receive a 30 day dispensing fee for inhalation drugs (G0371) and a 90 day dispensing fee for inhalation drugs (G0374) the same month.

### C. Provider Education:

A Medlearn Matters provider education article related to this instruction will be available at [www.cms.hhs.gov/medlearn/matters](http://www.cms.hhs.gov/medlearn/matters) shortly after the CR is released. You will receive notification of the article release via the established "medlearn matters" listserv. Contractors shall post this article, or a direct link to this article, on their Web site and include information about it in a listserv message within 1 week of the availability of the provider education article. In addition, the provider education article must be included in your next regularly scheduled bulletin. Contractors are free to supplement Medlearn Matters articles with localized information that would benefit their provider community in billing and administering the Medicare program correctly.

For NCPDP format, suppliers shall bill the new dispensing fee or supply fee on the same line as the drug using the dollar amount only. Suppliers shall bill using the pricing segment of the NCPDP format.

The supply/dispensing fees must be billed on the same claim (NCPDP, 837 or Paper) as the drug itself.
